Influencer Marketing For Beginners Adrian Peck,2020-10-13 The rise of social media has created alternative methods
of advertising for companies Gone are the days where companies would reach their customers through newspapers or
television commercials It is now more affordable to connect with customers through online channels such as social media
platforms Companies have done an impressive job following their customers and establishing their brands within the same
platforms that their customers enjoy However over the years there have been questions surrounding brand trust with many
consumers challenging the authenticity of the message shared by brands There has been significant research compiled
regarding customer sentiments on brand communication One of the main insights found was that customers trusted
messages shared by their peers over messages shared by brands The assumption is that companies have an agenda to make
profits but our peers seek to educate and empower us This key assumption is one of the driving forces which has led to the
growth of influencer marketing Influencer marketing allows ordinary individuals to promote the services and products of
companies to their specific target audience Companies pay to have an influencer with a large following on popular social
media platforms to advertise their offerings on their behalf This business strategy has dramatically increased companies
return on investment ROI and helped build brand integrity among customers This book will be a valuable resource to all
those individuals who are interested in becoming social media influencers The reader will learn the ins and outs of social
media marketing and some exclusive tactics and strategies on using social media platforms such as Facebook Instagram
YouTube TikTok and Pinterest to develop and grow an audience Readers will also learn how to create authentic personal
brands that will help attract companies provide them with a unique positioning in the market and monetize their social media
accounts After reading this book readers will feel motivated to capitalize on this new movement toward influencer marketing
and begin to operate their own marketing enterprises [Tik Tok Marketing for Entrepreneurs](#) Robert Kasey,2021-02-19
