Write with AI Rob Kosberg,2024-03-18 A book can change everything Not just for the person who reads it but for you as the author Whether

you're an expert in your field looking to share your knowledge and experience or you want to use your book to attract clients and build credibility in your industry that book is the key to your future. Consider the well-known leadership expert John Maxwell who has sold over 20 million books since he published his first title. Why is he well-known? Because of his books and his success as a public speaker something that rakes in 100,000 for a single event. Your book could do that for you: attract opportunities for public speaking and other high-profile engagements creating a variety of income streams. But when your workload is already full and you want to create high-quality work quickly, how can you get your content from the seed of an idea to an engaging and captivating book that you can make money from? The answer is AI. That doesn't mean you're going to simply tell a robot to write a book and let it spew out whatever it will. Instead, you're going to use a tool that will help you organize your ideas, craft your work, and speed up the process you'd be going through anyway. AI is your personal assistant, and with this comprehensive guide to making the most of it by your side, you'll have your book written in no time. Inside, you'll discover how AI can be used in writing to create a work that Amazon loves. An introduction to The Manuscript Method and why it's key to understanding your audience. The reason you have to know why you're writing your book and how to figure it out with certainty. 2 crucial elements that determine the success of your book and how to get them right. The 5 essential ingredients you need to ensure compelling content and how to use AI to make sure they're all there. All your plagiarism fears squashed. You can avoid the dangers when you know how to navigate the risks. Everything you need to know about preparing your book for a successful launch. The surprising things you'll want to consider to create a cover that attracts the right audience and makes them want to buy your book. How to play the marketing game with key techniques for making sure your book is seen. The million-dollar author strategies you'll need to engage to use your book to push you into money-making opportunities. And much more. Whether you've never written a book before or you're simply looking for a way to speed up the process, AI is your answer, and if you're skeptical about the idea, it's because you're still thinking of AI as a replacement for a human writer. All the ideas, creativity, and connection with the audience come from you. AI is your personal assistant dedicated to making sure you produce the work that's going to make you money. You've just found the key to your future. The only question that remains is: are you going to pick it up and step forward into success?

101 Ways to Market Your Book Using AI

Sam Choo, What if marketing your book didn't have to be overwhelming, expensive, or time-consuming? What if AI could help you do it faster, smarter, and with less stress?
