**Principles of Logo Design** George Bokhua, 2022-08-09

Learn to design simple, powerful and timeless logos. Winner of the 2022 American Graphic Design Award for Book Design from Graphic Design USA. When you think of a brand, often the first thing that comes to mind is the logo, the visual representation of that product, place, thing or business. The power of simplicity for these marks can never be underestimated. A logo that comprises simple shapes can communicate a stronger message than a complex one, leaving a lasting impression in a viewer's mind. In *Principles of Logo Design*, noted logo designer George Bokhua shares his process for creating logotypes that will stand the test of time. Applying the enduring principles of classic texts on grid systems by Josef Muller Brockmann and on form and design by Wucius Wong, Bokhua elaborates on his popular online classes, demonstrating in detail how to maximize communication with minimal information to create logos using simple monochromatic shapes. This comprehensive volume includes how to apply a strong, simple and minimal design aesthetic to logo design. Why gridding is important and understanding the golden ratio and when to use it. How to sketch and refine logos through tracing, then grid and execute a mark in Adobe Illustrator. Fine-tuning techniques to ensure visual integrity. Knowing how to design a great logo is a core skill for any graphic designer. *Principles of Logo Design* helps designers at all levels of skill and experience conceive, develop and create logos that are not only pleasing to the eye but evoke a sense of perfection.

*Logo Design* Josh Cooper, 2017-06-05

We must understand the primary purpose of logos: firstly, to understand what a logo is. The aim of the design process is to make the logo immediately recognizable. The logo is one aspect of the commercial brand of any company or even economic entity. From the font to the color, the aesthetic components of a logo hugely impact how customers perceive your company. Is it attractive enough or does it repel them? Is it standing out or simply fading into the background? Does it successfully identify your brand or confusing enough to mix up with your competitors? During the research and design phase, these are all quality critical questions to ask. Only a smattering of the main ingredients far from the only ones is needed to create a successful logo. Too many websites today are still inaccessible. In our new book, we have explored crafting the process for flexible design patterns and how to make accessible interfaces without extra effort. Check out this book for a complete list of specific and prosecutable tips and ideas to help you design the best possible logo for your brand. In this book, we have covered a step-by-step process that will guide you in making of a successful logo for your work purpose. Getting an exclusive logo design will ensure the visual identity of your company. Your logo design must be such that your brand stands out.
