DIGITALIZATION, METAVERSE, ARTIFICIAL INTELLIGENCE IN THE CONTEXT OF HUMAN

AND INDIVIDUAL RIGHTS PROTECTION IN UKRAINE AND THE WORLD Kostenko Oleksii, Kharytonova Olena, Kharytonov Yevhen, 2025-06-23 This monograph examines the legal issues related to the dynamics of Ukraine's digital transformation focusing on the intersection of artificial intelligence, the metaverse and the protection of human rights in general and individual rights in particular in Ukraine and the world. The monograph offers a comprehensive legal analysis of the categories and phenomena of global digitalization such as the metaverse, the artificial Internet, digital rights, digital identity etc. The key topics include understanding artificial intelligence as a legal concept, studying the problems of its legal personality and responsibility and establishing its significance and role in the context of hybrid warfare. In addition, the study analyzes the potential of artificial intelligence technologies in the economic and industrial revival of Ukraine, the possibilities and legal problems of their use in legal, including notary practice in the field of medicine and pharmacy in education and the corporate sector. It also explores the current problems of using blockchain technology and artificial intelligence in the management of intellectual property rights. This emphasizes the need for interdisciplinary cooperation to address the challenges of protecting sensitive data and innovation while promoting a sustainable balance between innovation and social well-being. This work contributes to the ongoing discourse on the role of digital technologies in shaping future societies by offering a unique perspective on their application and governance on Ukraine's path to a digital society. Endless Customers Marcus Sheridan, 2025-04-15 Proven framework to propel your organization into a top market position. Endless Customers delivers a proven framework for businesses to become the most trusted and recognized brands in their markets by harnessing the power of developing the right content, website, sales activities, technology and culture of performance. When executed correctly, this framework enables marketing, sales and leadership teams to sync up on a business strategy that is transformative to the organization's growth, creating long-term success and endless customers. An evolution of Marcus Sheridan's first book, They Ask You Answer, the Endless Customers model has been enriched by years of practical application, hundreds of case studies and recognizing the monumental impact AI is having on business and the buyer's journey. In this book, readers will learn about becoming the most trusted and known brand in their market, leading to more consistent lead flow and sustainable business growth. Creating a culture of sales and marketing that is built to last in a time when digital transformation and AI are changing the world of business and buying as we know it. Promoting organizational change by investing in the right people in the right seats so as to evolve to a NEW way of effective sales, marketing and brand growth. With all of the real-world examples, tools and frameworks you need to immediately put theory into practice. Endless Customers earns a well-deserved spot on the bookshelves of ambitious business leaders, executives, managers and entrepreneurs seeking to make their businesses household names in their industries.
