Smart Bots, Happy Customers Gosia Szaniawska-Schiavo, 2024-08-26 Did you know that AI can automate up to 58% of customer service interactions Our study on chatbot statistics also confirmed that almost 1.5 million people had at least one conversation with a chatbot within the past year Well AI revolutionized how businesses help their clients It enabled 24/7 support through chatbots and virtual assistants increased efficiency and allowed human agents to focus on more complex issues There is just one issue Not every chatbot is AI Simultaneously not all AI powered solutions will be perfect for all tasks related to customer service especially in the ecommerce field Believe us we would know At Tidio we help 300k businesses worldwide automate customer service collect leads on autopilot and increase sales Tidio is one of the most installed chatbot and live chat companies worldwide specializing in providing tailored customer service solutions We always strive to be on the cutting edge and respond to our customers biggest challenges One of them is strategically combining rule based and AI powered chatbots so that businesses can elevate their customer service to new heights **Chatbot Marketing Mastery**

Mike Buchnas, 2021 With sites like Facebook and Kik opening their platforms to automated messaging for companies chatbots have really exploded in popularity Facebook went from zero chatbots in February 2016 to 18,000 by July of the same year Kik had approximately 300,000,000 registered users and those users exchanged 350,000,000 automated messages with the platform in the first seven months of its chatbot You've probably seen chatbots in action They are on all sorts of websites from major retail chains to mobile phone service providers and many other types of sites and apps At first you might think you're talking to a real person Usually a popup appears with a picture of an agent along with a name The agent asks something like May I help you with anything Or Do you have any questions Chatbots use artificial intelligence that is often quite advanced to answer many questions a user might have and in the event that the Chatbot Marketing Masterybot is unable to help the user it will usually ask the user to call email or fill out a support form or perhaps to check a FAQ page Chatbots are quite advanced and many of them can almost manage to fool users into thinking they are speaking to a real person This is beneficial because it allows companies to lower their overhead by using chatbots to replace customer service agents in many circumstances and only when the chatbot is unsuccessful in helping the customer must a real agent step in Chatbots have a few drawbacks but they also have many benefits In this guide you're going to learn more about how chatbots can be used for marketing and whether or not chatbots are a good fit for your business So let's get started **CUSTOMER**
