**Meeting Notes** Jessica Dalrymple, 2018-08-04 Zip Journals has designed a method of note taking for meetings that maps out the information covered and makes the information easily accessible after the meeting There are multiple sections to organize your thoughts and

focus on the information that's really important. This notebook can serve as a comprehensive listing of the details of the meeting and the ideas and topics covered but also can be used as a to do list for use in the future. Use the index in the front of the book to remind yourself of the important items that came up and you may need to reference later. Use the agenda section before the meeting to jot down ideas or questions that you may want to bring up at the meeting. Information such as deadlines or phone numbers are easier to keep track of amidst the vast amount of information gathered this way because there is a way to single them out. Zip Journals makes another notebook for meeting planners with more space for the agenda. We also make iPad templates and PDF forms to plan and run your meetings more effectively.
