Global business practices that focus on sustainability through the digital transformation process can stay competitive and socially responsible. As a result, there is a need and growing demand for resources that help businesses identify the complexities of digital business transformation while achieving sustainable practices. *Transforming Business Through Digital Sustainability Models* explores sustainability through digitalization practices, identifies problems, and explores innovative solutions. It has educational and professional values that provide practical insights and strategies for achieving sustainability through the digitalization of businesses. Covering topics such as stakeholder engagement, cost savings, and ecosystem restoration, this book is an excellent resource for business leaders, sustainability activists, policymakers, researchers, academicians, and more. **AI Impacts on Branded Entertainment and Advertising** Miguélez-Juan, Blanca, Rebollo-Bueno, Sara, 2025-05-01. Connecting with the public, especially the younger generations, is challenging for brands and agencies unless they leverage new communication technologies to create engagement and foster more critical and active audiences. Consumers, often overwhelmed by messages and products, no longer need to avoid intrusive advertising. Instead, in this new advertising paradigm, they seek out brands and their advertisements to form a positive emotional connection. This intimate bond benefits both the brand and the consumer, acting as a loudspeaker for the brand's values and message. In this context, creativity and professional creatives are reaffirmed as the key differentiators for modern advertising agencies. These agencies need well-trained professionals who are not afraid to use new communication methods, including entertainment and emerging technologies like AI, which, despite being unregulated, are here to stay. *AI Impacts on Branded Entertainment and Advertising* explores the scientific foundations on the use of AI and branded content, understanding it as an essential tandem for the understanding of the advertising and social reality. Covering topics such as non-conventional media, influencer marketing, and avatar, this book is an excellent resource for marketing directors, brand creators, communication professionals, computer developers, corporate professionals, researchers, scholars, professionals, academicians, and more. **Using AI Tools in Text Analysis, Simplification, Classification, and Synthesis** Jomaa, Nayef J., 2025-01-31. The recent advancements in AI tools for generating, analyzing, translating, synthesizing, and summarizing texts are revolutionizing how we process and interact with information. These tools enhance productivity and creativity across diverse fields, enabling more efficient workflows and deeper insights. Its impact extends to fostering innovation, bridging language barriers, and democratizing access to knowledge, shaping a more connected and informed global society. *Using AI Tools in Text Analysis, Simplification, Classification, and Synthesis* discusses recent AI tools used in generating, analyzing, translating, and summarizing texts. It presents perspectives and current trends in using AI tools to deal with texts. Covering topics such as automated evaluation, large language models, and text paraphrasing, this book is an excellent resource for academicians, researchers, educators, linguists, media professionals, business leaders, policymakers, and more. **How Big AI is in Marketing** Fahd Khater, 2024-05-12.
