Price, 1941 **Strategic Choices and Leadership Change in Higher Education Institutions** Murgatroyd, Stephen John, 2025-11-20 In today's academic landscape higher education institutions face challenges that demand strategic adaptability and effective leadership. Shifts in technology, funding models, student demographics, and global competition cause universities and colleges to rethink their governance structures. Leadership transitions influence how institutions navigate change, foster innovation, and sustain academic excellence. Further exploration into how strategic choices and leadership change intersect may help shape the future direction, resilience, and success of higher education institutions. **Strategic Choices and Leadership Change in Higher Education Institutions** explores how leadership transitions influence the strategic direction, decision making, and performance of higher education institutions. It examines the relationship between strategic choices and leadership change in guiding institutional adaptation, innovation, and long-term success. This book covers topics such as governance models, instructional design, and change leadership, and is a useful resource for educators, policymakers, academicians, researchers, and scientists. Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress. Copyright Office, 1971-07 **Digital Technologies and Institutions for Sustainable Development** Aleksei V. Bogoviz, Elena G. Popkova, 2022-10-11 This book focuses on digital institutions and the advanced technologies used on their basis, as well as their contribution to sustainable development in the unity of seventeen SDGs formulated by the UN, which is sequentially disclosed in six parts of the book. This book is dedicated to comprehensive coverage of the role of the digital economy in sustainable development and the offering of a set of scientific, methodological, and practical recommendations to increase the scale and effectiveness of this role. The first part explores the training of digital personnel for sustainable development; the second part reveals the regional features of Russia; and the third part describes the industry specifics of using digital technologies in entrepreneurship in support of sustainable development. The fourth part deals with financial, organizational, and managerial issues of using digital technologies in entrepreneurship in support of sustainable development; the fifth part is devoted to security, international factors, and risks; and the sixth part deals with the legal framework and state regulation of digital technologies and sustainable development institutions. The novelty of the book lies in its reliance on an institutional approach that allows rethinking and systematically studying the contribution of the digital economy to sustainable development. The book is aimed at scholars who will find in it an institutional understanding of the digital economy's support for sustainable development and ways to improve it. The secondary target audience of the book is the subject of managing the sustainable development of the digital economy. For them, the book contains relevant and illustrative examples from practice and applied recommendations. **Western Journal of Education** ,1914 **The Citizens' Bulletin** ,1912 **ERIC Educational Documents Index, 1966-1969: Minor descriptors.
