Contemporary Issues in Early Childhood Education and Care, 2025-02-05 Contemporary Issues in Early Childhood Education and Care delves into the dynamic landscape of early childhood education and critically addresses the intersection of theory and practice offering a range of theoretical frameworks and practical strategies to support the holistic development of children It explores a diverse array of topics including integrating artificial intelligence tools in preschool settings the development of metacognitive skills in young children and the role of participatory practices in fostering democratic engagement It also examines resilience building through innovative playground designs and the importance of inclusive approaches for refugee and immigrant populations

This book also presents entrepreneurial coaching as a framework for enhancing children's participation in lifelong learning and values driven parenting from a Christian perspective. Additionally, the volume highlights the impact of the COVID-19 pandemic on young children's psychological well-being, emphasizing their heightened awareness and involvement in decision-making processes. Inclusive assessment methods supporting shy children in educational settings are explored, and the benefits of slow pedagogy versus hurried schooling are examined. Furthermore, it investigates the role of statistical analysis in shaping early childhood education policies and practices. This work underscores that community support systems can mitigate stress and adversity and strengthen children's capacity to thrive in their communities. At the same time, play environments can nurture physiological and psychological resilience. With a strong focus on equity, pedagogical innovation, and evidence-based approaches, this volume is an essential resource for educators, researchers, and policymakers to create inclusive, equitable, and supportive learning environments that foster lifelong learning trajectories.

Revolutionizing Indian Education system Dr M Ganesh Babu, Dr N Panchanatham, Shaping Digital Education: Enabling Factors for Quality, Equity and Efficiency OECD, 2023-07-11 Investment in education technology has surged worldwide over the past decade, and digital education technologies are now a key resource for OECD education and training systems. If used effectively, they promise to transform teaching and learning practices, to reduce learning inequalities, and to create more inclusive and efficient education systems.

Preparing for Chemistry Teaching Festo Kayima, 2025-08-13 This textbook is a comprehensive chemistry didactics resource for chemistry teacher educators, chemistry teachers, and trainees. It provides research-grounded and practical-based pedagogical experiences, examples, and frameworks for chemistry teachers, as well as a foundation for planning and implementing productive chemistry lessons. The book provides a conceptual and practical roadmap illuminating which didactic knowledge elements are relevant for becoming a chemistry teacher. The book starts off with a pedagogically laden, however, experience-based justification for the relevance of chemistry didactics and then progressively breaks down the different knowledge elements that form a complete set of the didactic knowledge and skill elements a teacher needs for teaching. Concrete examples are provided to allow the reader to operationalize the ideas and concepts presented in the book. The structure of the chapters enables the reader to engage progressively and actively with its contents and provides examples allowing a deep understanding of the diverse links between the presented topics, forming a complete set of the didactic knowledge and skills relevant for successful chemistry teaching.
