Promoting Gender Equality and Tackling Demographic Challenges Jiajia Gu,Ms. Lisa L Kolovich,Dr. Jorge Mondragon,Ms. Monique Newiak,Michael Herrmann,2024-06-11 Two broad contrasting demographic trends present challenges for economies globally countries with aging populations often advanced economies and increasingly emerging markets anticipate a significant shrinking of the labor force with implications for growth economic stability and public finances Economies with rapidly growing populations as is the case in many low income and developing countries will face a burgeoning young population entering the labor market in the next decades a large potential to reap the demographic dividend if the right skills and economic and social conditions are in place This note highlights how gender equality in both cases can serve as a stabilizing factor to rebalance demographic trends As decisions regarding fertility

human capital investment and labor force participation are interlinked policies should aim at relaxing households time and resource constraints that condition these choices This means that in general in advanced economies and emerging markets policies should facilitate women s work life choices and boost female participation in the labor market whereas policies in low income and developing countries should focus on reforms that narrow gender gaps in opportunities and support human capital accumulation

Future of Work in Asia Chorng Yuan Fung, Agnes Siang Siew Lim, Weng Marc Lim, Huey Fen Cheong, 2025-11-11 One of a series of titles on the Futures of Asia this book explores diverse facets of Asia s work landscape during the transformative 2020s offering insights into pivotal transformations and potential trajectories The covered topics include future work models the role of technology in the future workplace the dynamics of the future workforce and the evolving landscape of work Examining the topics from corporate foresight and past future to technological trends and environmental shifts this book showcases a collaborative effort from multidisciplinary researchers navigating the complexities of forecasting and envisioning Asia s work futures This book offers valuable insights into the dynamic discourse on future studies while offering a nuanced understanding of the work possibilities that lie ahead of Asia as well as deciphering Asia s evolving impact and roles within the broader global context This is an insightful read for scholars with an interest in Asian work and future studies

Advanced Labor Studies Research and Modern Practice Achour, Zyed, 2025-06-13 Labor studies explore the evolving dynamics of work labor relations and employment in an increasingly globalized and technologically driven world This interdisciplinary field combines theoretical frameworks from sociology economics political science and law with practical approaches to labor organizing policymaking and workplace innovation As labor markets continue to shift in response to automation remote work gig economies and changing regulations advanced research plays a critical role in understanding these trends and informing strategies that promote fair equitable and sustainable labor practices Through further exploration scholars and practitioners may engage with pressing issues like labor rights collective bargaining workforce development and the future of work Advanced Labor Studies Research and Modern Practice explores contemporary labor sciences by integrating multiple disciplinary perspectives that collectively shape our understanding of modern work environments It offers a comprehensive analysis of contemporary workplace dynamics This book covers topics such as gender in business student mobility and labor market and is a useful resource for business owners policymaking sociologists academicians researchers and scientists
