**Debunk This!** Matt Palumbo,2019-08-20 Countless studies have proven that over 90 percent of Trump related news coverage is negative and the percentage of journalists that identify as Republicans are in the single digits When liberals are running the show you can bet that their narrative has gone unchallenged If you tell a lie long enough people will begin to believe it and that s certainly the case with so many liberal myths that have become accepted as conventional wisdom In this book you ll learn among many other facts What happened to non gun mass killings when Australia enacted strict gun control The truth about Scandinavian socialism How Obama twisted the numbers to appear tough on immigration Why Mexico has stricter immigration laws than the US How Bill Clinton faked the Clinton surplus That the US doesn t have the majority of the world s mass shootings Why statistics claiming that illegal aliens commit fewer crimes than the general public are bogus The countless lies the media simply made up about the Trump administration If you re in need of ammunition to shoot down liberal lies this is the book for you **Outlook** ,1974 **'Salt of the Earth'** Salena Zito,2024-12-04 Despite the wealth of information at our fingertips in the information age there is a glaring emptiness that plagues us in our storytelling We remove nuance and replace it with sensationalism We shun original stories because they stray too far from the pack In the process we miss the beauty pain and magic the simplicity and grace of simple real life stories about the ordinary lives of people who work the soil to make America possible The result is that we lose touch with who we are as a nation In this collection of syndicated columns from 2023 and 2024 Zito pays attention to those stories From talking with workers in small towns to covering the biggest political figures of our time Zito paints a picture of where the country is after the midterm elections all the way through the final summer of presidential campaigning She approaches each subject with compassion and curiosity and strives to ensure that no everyman is forgotten or ignored *Business Week* ,2004 Outlook; a Journal of Opinion ,1974 **The Washington Post Index** ,2000 **Acta Oeconomica** ,1986 Environment Abstracts ,1975
