The Literary Guide and Rationalist Review ,1925 *The Insider* Gerald Howard,2025-11-04 A delightful and majestic reckoning with the ascent of American fiction in the twentieth century through the prism of the under known man who had an astonishing amount to do with it Malcolm Cowley is not a household name today but the American literary canon would look very different without him A prototypical man of letters of his generation Harvard University a volunteer in the French ambulance corps in World War I a rite of passage in Paris after the war he became one of the few truly influential critics of the 1920s and 30s along with his close New Republic colleague Edmund Wilson Cowley s early support of Hemingway Fitzgerald and their set and indeed for framing this group in generational terms in the first place secured his place in literary history Most people are lucky to be part of a single game changing era in their careers for Cowley it happened again and again After emerging from the political fray of the thirties badly damaged he retreated behind the scenes as a tastemaker whose import has awaited Gerald Howard to be brought into full view The process of canon formation is a murky business and Cowley was a prime mover in it for the better part of four decades through the Lost Generation the Beat Generation and the counterculture of the sixties Without him the odds would be much longer that the names William Faulkner Jack Kerouac and Ken Kesey to name just three would have ever echoed In *The Insider* Gerald Howard gives an intimate accounting of the fever graph of a fascinating and multifaceted career in the literary trade that uses that career to tell a much bigger story of how American literature took the course that it did from the 1920s to the 1960s It s a story of an art form and an industry and a country experiencing wrenching change and the people who made a home in the storm and in no small part shaped it Howard s own career as a literary weathervane is justly acclaimed and he has brought all his talents of head and heart to bear in crafting this extraordinary book It s a gift to booklovers and a major contribution to the cultural history of this country
