A Filtered Life Nicole Taylor, Mimi Nichter, 2021-12-23 A Filtered Life is the first comprehensive ethnographic account to explore how college students create and manage multiple

identities on social media Drawing on interviews and digital ethnographic data gleaned from popular social media platforms the authors document and make visible routinized practices that are typically hidden and operating behind the scenes They introduce the concept of digital multiples wherein students strategically present themselves differently across social media platforms This requires both the copious production of content and the calculated development of an instantly recognizable aesthetic or brand Taylor and Nichter examine key contradictions that emerged from student narratives including presenting a self that is both authentic and highly edited appearing upbeat even during emotionally difficult times and exuding body positivity even when frustrated with how you look Students struggled with this series of impossibilities yet they felt compelled to maintain a vibrant online presence With its close up portrayal of the social and embodied experiences of college students *A Filtered Life* is ideal for students and scholars interested in youth studies digital ethnography communication and new forms of media

Male Sex Work in the Digital Age Paul Ryan,2019-03-20 This book explores the lives of male sex workers living in Dublin Ireland It focuses on the stories of young Brazilian and Venezuelan migrants who use their micro celebrity on social media to construct a brand that can be converted into financial advantage within the sex industry The book focuses on two sites Grindr which these men use to build a transient pop up escort profile that is linked to Instagram which in turn provides followers with access to a curated digital identity built around consumption Ryan explores how the muscular body acts as a form of physical and erotic capital providing the raw material of these digital identities as they are broadcast on new online subscription platforms like OnlyFans *Male Sex Work in the Digital Age* offers fascinating insights into the role social media plays in re creating a new and more flexible understanding of commercial sex Students and scholars across a range of disciplines including sociology gender studies sexuality studies LGBTQ studies media studies and law will find this book of interest

The Benefits of Friends Jana Mathews,2022-08-02 In 2011 Jana Mathews s career took a surprising turn What began as an effort for a newly minted college professor to get to know her students turned into an invitation to be initiated into a National Panhellenic Conference sorority and serve as its faculty advisor For the next seven years Mathews attended sorority and fraternity chapter meetings Greek Week competitions leadership retreats and mixers and formals She also counseled young men and women through mental health crises experiences of sexual violence and drug and alcohol abuse Combining her personal observations with ethnographic field analysis and research culled from the fields of sociology economics and cognitive psychology this thought provoking book examines how white Greek letter organizations help reshape the conceptual boundaries of society s most foundational relationship categories including friend romantic partner and family Mathews illuminates how organizations manipulate campus sex ratios to foster hookup culture broker romantic relationships transfer intimacy to straight same sex friends and create fictive family units that hoard social and economic opportunity for their members In their idealized form sororities and fraternities function as familial surrogates that tether their members together in economically and socially productive ways In their most warped manifestations however

these fictive familial bonds reinforce insularity entrench privilege and at times threaten physical safety *Ethics of Data and Analytics* Kirsten Martin, 2022-05-12 The ethics of data and analytics in many ways is no different than any endeavor to find the right answer When a business chooses a supplier funds a new product or hires an employee managers are making decisions with moral implications The decisions in business like all decisions have a moral component in that people can benefit or be harmed rules are followed or broken people are treated fairly or not and rights are enabled or diminished However data analytics introduces wrinkles or moral hurdles in how to think about ethics Questions of accountability privacy surveillance bias and power stretch standard tools to examine whether a decision is good ethical or just Dealing with these questions requires different frameworks to understand what is wrong and what could be better *Ethics of Data and Analytics Concepts and Cases* does not search for a new different answer or to ban all technology in favor of human decision making The text takes a more skeptical ironic approach to current answers and concepts while identifying and having solidarity with others Applying this to the endeavor to understand the ethics of data and analytics the text emphasizes finding multiple ethical approaches as ways to engage with current problems to find better solutions rather than prioritizing one set of concepts or theories The book works through cases to understand those marginalized by data analytics programs as well as those empowered by them Three themes run throughout the book First data analytics programs are value laden in that technologies create moral consequences reinforce or undercut ethical principles and enable or diminish rights and dignity This places an additional focus on the role of developers in their incorporation of values in the design of data analytics programs Second design is critical In the majority of the cases examined the purpose is to improve the design and development of data analytics programs Third data analytics artificial intelligence and machine learning are about power The discussion of power who has it who gets to keep it and who is marginalized weaves throughout the chapters theories and cases In discussing ethical frameworks the text focuses on critical theories that question power structures and default assumptions and seek to emancipate the marginalized **The Routledge Handbook of Health Communication and Popular Culture** Christina S. Instagram Secrets Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include

website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book **Personal Branding** Matt Golden,2019-08-26 This book is for anyone ready to master the art of personal branding using social media and the many benefits that social media has to offer If you are ready to dominate in the online space this year then read on *Personal Branding Mastery for Entrepreneurs* Chris J Reed,2018-03-15 From the No 1 International Best Selling Author Chris J Reed The Only NASDAQ CEO with a Mohawk comes his new book Personal Branding Mastery for Entrepreneurs In it Chris will tell you all about how you as an entrepreneur can develop your personal brand beyond LinkedIn You are an entrepreneur your personal brand is what everyone is buying into Your clients your shareholders your employees your partners the media future clients employees investors they are all buying into the power and values of your personal brand That s why you need to start working on it now In this new book Chris will talk from his own personal experience on how he created a personal brand from nothing and knowing no one when he left the UK and came to Singapore to become an Asian entrepreneur Chris will show how he became the Only NASDAQ CEO with a Mohawk and how this personal brand has transformed his businesses Chris covers all aspects of personal branding for entrepreneurs including what it is why you should have it his personal brand story ups and downs of having a personal brand why you need to be more American and less English or Asian in your personal branding Chris will also cover what elements of his disruptive DNA have enabled him to accentuate his own personal brand in his entrepreneurial journey Chris also covers how LinkedIn is the foundation for your personal brand but that it should also be communicated everywhere else from your YouTube to your Wikipedia your thought leadership outside of LinkedIn to winning awards getting up on stage and speaking to having your own book Chris will discuss how you dress and how you look affects your personal brand both positively and negatively why great entrepreneurs like Richard Branson Elon Musk Steve Jobs and Bill Gates all have great but divisive personal brands but without them their respective companies would be nothing Chris will also discuss David Beckham Gareth Emery and Prince and what made their personal brands so effective and influential in succeeding in what they do Chris will share personal branding tips from The Joker Breaking Bad Darth Vader American Psycho and The Godfather that you can put into putting into practice yourself to enhance your own personal brand This new book Personal Branding Mastery for Entrepreneurs will give you all the tips lessons and help that
