You to the Power of Two Joseph Bradley, Don Tapscott, 2025-12-02. A new and previously unexplained era of artificial intelligence will transform human life forever. Discover what this means for our personal identity and our future. AI tools are already reshaping the way we work and communicate, but as they gain autonomy, they will no longer be mere tools; they will become active participants in our world. As our digital identities become smarter and more capable, we enter the age of identic AI, a world where ever-present AI companions streamline daily tasks, enhance wellbeing, and offer lifelong learning. For professionals, these intelligent agents will amplify creativity, boost productivity, and expand human potential. But with this extraordinary promise comes profound risks to individuals, businesses, and society itself. From technology experts Joseph M. Bradley and Don Tapscott, *You to the Power of Two* is a thought-provoking and timely guide that will prepare readers to thrive in a world of personal AI agents by revealing how our new digital sidekicks will transform our careers, healthcare, education, and relationships. Empowering readers to embrace AI with confidence and purpose rather than fear, exploring AI's role in redefining human potential, success, and the institutions of society, explaining self-sovereign identity and decentralized AI models that will safeguard autonomy, control, and future. For individuals, businesses, and policymakers alike, identic AI will reshape how we work, learn, and connect. Will we harness its power for a more equitable future, or will we let it shape us in ways we can't control? The future isn't written; it's ours to create.

AI Impacts on Branded Entertainment and Advertising Miguélez-Juan, Blanca, Rebollo-Bueno, Sara, 2025-05-01. Connecting with the public, especially the younger generations, is challenging for brands and agencies unless they leverage new communication technologies to create engagement and foster more critical and active audiences. Consumers, often overwhelmed by messages and products, no longer need to avoid intrusive advertising. Instead, in this new advertising paradigm, they seek out brands and their advertisements to form a positive emotional connection. This intimate bond benefits both the brand and the consumer, acting as a loudspeaker for the brand's values and message. In this context, creativity and professional creatives are reaffirmed as the key differentiators for modern advertising agencies. These agencies need well-trained professionals who are not afraid to use new communication methods, including entertainment and emerging technologies like AI, which, despite being unregulated, are here to stay. *AI Impacts on Branded Entertainment and Advertising* explores the scientific foundations

on the use of AI and branded content understanding it as an essential tandem for the understanding of the advertising and social reality Covering topics such as non conventional media influencer marketing and avatar this book is an excellent resource for marketing directors brand creators communication professionals computer developers corporate professionals researchers scholars professionals academicians and more
