Youth's Companion, 1894 *Tech-Smart Parenting* Catherine Knibbs, 2025-07-31 The essential new science backed parenting guide to building healthy boundaries around technology and social media from the leading cybertrauma expert and child psychotherapist Catherine Knibbs A must read for the tech anxious generation Pete Etchells psychologist and author of *Unlocked The Real Science of Screen Time* An essential expert and overdue guide for any parent worried about how tech is affecting their children but wanting to rely on science instead of paranoia Dean Burnett neuroscientist and author *Should we ban screens* We are asking the wrong question this is how we really keep our kids safe online How much screen time is too much Could my child become addicted to their smartphone Why does every rule I set start a battle Children today are growing up in a world more connected than ever before exposing them to dangers their parents didn't even imagine and raising questions they've never considered But in our rush to protect them we can do more harm than good outright bans and rules deemed unfair can push your child away when what they need most of all is you Child psychotherapist and cybertrauma expert Catherine Knibbs has helped hundreds of families work together to build healthy boundaries around technology In this science backed guide Knibbs sets out what the evidence really says about the risks and where your fears may be misguided to empower you with the answers to make the right decisions for your family You'll discover How screens affect every stage of childhood and where the dangers actually lie The importance of keeping your child close and onside to protect them with scripts to help you communicate positively and set reasonable boundaries Realistic advice to keep your child safe and develop a balanced relationship with technology within and out of the home Tips on protecting neurodivergent children and understanding how tech can help them flourish Grounded in evidence

and full of relatable stories and practical tools Tech Smart Parenting is the essential book for any parent who wants to feel informed and confident in navigating the new digital childhood

Artificial Intelligence and Social Work Milind Tambe, Eric Rice, 2018-11-29 This book marries social work and artificial intelligence to provide an introductory guide for using AI for social good Following an introductory chapter laying out approaches and ethical principles of using AI for social work interventions the book describes in detail an intervention to increase the spread of HIV information by using algorithms to determine the key individuals in a social network of homeless youth Other chapters present interdisciplinary collaborations between AI and social work students including a chatbot for sexual health information and algorithms to determine who is at higher stress among persons with Type 2 Diabetes For students academic researchers industry leaders and practitioners these real life examples from the USC Center for Artificial Intelligence in Society demonstrate how social work and artificial intelligence can be used in tandem for the greater good

Behold the Leviathan Saurabh Mukherjea, 2024-10-15 In defiance of the stereotypes trotted out by yesterday s pundits modern India s rise is both unusual and unexpected It is unusual because some of the sharpest economic improvements are being observed in those sections of Indian society which were thought to be the most disadvantaged women oppressed castes and rural India It is unexpected because of the widespread view Until a couple of years ago India s democratic construct was inferior to China s single party state In Behold the Leviathan The Unusual Rise of Modern India Saurabh Mukherjea and Nandita Rajhansa provide a gripping picture of how 1.5 billion Indians are combining to spectacular effect to create a range of social and economic outcomes which have no precedent in any emerging economy For example India now has as many chess grandmasters as the United States and the expertise of its scientists has guided India s space modules to the dark side of the moon a feat no other country has achieved In this zeitgeist defining book the authors have also explored through pathbreaking research why the vast majority of India s companies are struggling to grow their profits even as a small minority of these companies have gone on to build globe girdling franchises worth tens of billions of dollars Written over two years during which the authors crisscrossed India hundreds of times and interviewed over fifty of the country s leading thinkers in business policymaking media and academia Behold the Leviathan has been hailed by the cognoscenti as a firecracker of a read challenging decision makers policymakers and opinion leaders to reevaluate their long standing perceptions of India s development
