Martín, 2025-06-27 This book constitutes the refereed proceedings of the 19th IFIP WG 9.6.11.7 and IFIP WG 11.6

International Summer School on Privacy and Identity Management Privacy and Identity 2024 held in Madrid Spain during September 10-13, 2024. The 9 full papers presented in this book were carefully reviewed and selected from 11 submissions. The proceedings also contain one keynote paper in full paper length. The papers have been organized in the following topical sections: Keynote; different perspectives on Generative AI and contemporary challenges and possibilities for privacy and ID management. *Digital Business and Electronic Commerce* Bernd W. Wirtz, 2024-06-04 This textbook introduces readers to

digital business from a management standpoint. It provides an overview of the foundations of digital business with basics, activities, and success factors, and an analytical view on user behavior. Dedicated chapters on mobile and social media present fundamental aspects, discuss applications, and address key success factors. The Internet of Things (IoT) is subsequently introduced in the context of big data, cloud computing, and connecting technologies, with a focus on industry 4.0 and the industrial metaverse. In addition, areas such as smart business services, smart homes, and digital consumer applications, as well as artificial intelligence, quantum computing, and automation based on artificial intelligence, will be analysed. The book then turns to digital business models in the B2C business-to-consumer and B2B business-to-business sectors. Building on the business model concepts, the book addresses digital business strategy, discussing the strategic digital business environment and digital business value activity systems (dVASs), as well as strategy development in the context of digital business. Special chapters explore the implications of strategy for digital marketing and digital procurement. Lastly, the book discusses the fundamentals of digital business technologies and security and provides an outline of digital business implementation. A comprehensive case study on Google Alphabet explains Google's organizational history, its integrated business model, and its market environment, rounding out the book. **ChatGPT Atlas Browser Guide 2025** Konstantin Titov, 2025-10-22
