AI-Assisted Programming for Web and Machine Learning Christoffer Noring,Anjali Jain,Marina Fernandez,Ayşe Mutlu,Ajit Jaokar,2024-08-30 Speed up your development processes and improve your productivity by writing practical and relevant prompts to build web applications and Machine Learning ML models Purchase of the print or Kindle book includes a free PDF copy Key Features Utilize prompts to enhance frontend and backend web development Develop prompt strategies to build robust machine learning models Use GitHub Copilot for data exploration maintaining

existing code bases and augmenting ML models into web applications

Book Description

AI Assisted Programming for Web and Machine Learning

shows you how to build applications and machine learning models and automate repetitive tasks

Part 1

focuses on coding from building a user interface to the backend You ll use prompts to create the appearance of an app using HTML styling with CSS adding behavior with JavaScript and working with multiple viewports Next you ll build a web API with Python and Flask and refactor the code to improve code readability

Part 1 ends with using GitHub Copilot to improve the maintainability and performance of existing code

Part 2

provides a prompting toolkit for data science from data checking inspecting data and creating distribution graphs and correlation matrices to building and optimizing a neural network You ll use different prompt strategies for data preprocessing feature engineering model selection training hyperparameter optimization and model evaluation for various machine learning models and use cases

The book closes with chapters on advanced techniques on GitHub Copilot and software agents

There are tips on code generation debugging and troubleshooting code

You ll see how simpler and AI powered agents work and discover tool calling

What you will learn

- Speed up your coding and machine learning workflows with GitHub Copilot and ChatGPT
- Use an AI assisted approach across the development lifecycle
- Implement prompt engineering techniques in the data science lifecycle
- Develop the frontend and backend of a web application with AI assistance
- Build machine learning models with GitHub Copilot and ChatGPT
- Refactor code and fix faults for better efficiency and readability
- Improve your codebase with rich documentation and enhanced workflows

Who this book is for

Experienced developers new to GitHub Copilot and ChatGPT can discover the best strategies to improve productivity and deliver projects quicker than traditional methods

This book is ideal for software engineers working on web or machine learning projects

It is also a useful resource for web developers data scientists and analysts who want to improve their efficiency with the help of prompting

This book does not teach web development or how different machine learning models work

Microsoft Azure AI Fundamentals AI-900 Exam Guide

Aaron Guilmette, Steve Miles, 2024-05-31

The AI 900 exam helps you take your first step into an AI shaped future

Regardless of your technical background this book will help you test your understanding of the key AI related topics and tools used to develop AI solutions in Azure cloud

This exam guide focuses on AI workloads including natural language processing NLP and large language models LLMs

You ll explore Microsoft s responsible AI principles like safety and accountability

Then you ll cover the basics of machine learning ML including classification and deep learning and learn how to use training and validation datasets with Azure ML

Using Azure AI Vision face detection and Video Indexer services you ll get up to speed with computer vision related topics like image classification object detection and facial detection

Later chapters cover NLP features such as key phrase extraction sentiment analysis and speech processing using Azure AI Language speech and translator services

The book also guides you through identifying GenAI models and leveraging Azure OpenAI Service for content generation

At the end of each chapter you ll find chapter review questions with answers provided as an online resource

By the end of this exam

guide you'll be able to work with AI solutions in Azure and pass the AI 900 exam using the online exam prep resources
