Introverts at Work Kristen Kalp, 2017-01-10 You re an introvert You don t do loud jazz hands y marketing activities and you avoid networking like the plague I know all about the ways your brain messes with your sense of self and your confidence because you re an introvert The inner voices get all crazy and tell you all the stuff you should be doing to grow your business only it feels terrible Most of the extroverted business building suggestions feel approximately as fun as poking your eyes out with spoons while getting run over by a dump truck So you don t do them Your decreasing confidence leads to declining interest in your business which leads to decreasing profits It becomes a vicious cycle that costs you thousands of dollars per year More despair fewer dollars less interest in your business Aaaaand repeat We can stop that cycle with some simple changes that don t even involve leaving the house As an introvert your website has to do a TON of heavy lifting for your business It has to get peeps to figure out what you do fall in love with you and then hand over their hard earned money without once interacting with you personally That s where *Introverts at Work* comes in Together we ll quickly and strategically revamp the words on your website to express more of who you are in business We ll sell your stuff without hiding from the word sales or falling into drone corporate professional mode But first you ll have to do some digging You ll have to face your own fears of being judged for being too _____ or not _____ enough You ll have to teach people how to treat you meaning that you ll no longer answer e mails at all hours of the day and night that you ll refuse to fulfill that last minute order without a rush charge and that you won t _____ for any amount of money where _____ is defined by you as the last thing on earth you want to do ever You ll have to say no way more often than you are right now You ll have to share the truth about who you are with your website s visitors The deep truth not just the I like lipstick and making stuff truth You ll have to actively and willingly push money away from people who aren t a good fit who don t share your values or whom you just plain can t stand You ll have to be a little bit vulnerable and a whole f ing lot of brave When you re done when you ve articulated your distinctive business flavor and then actively expressed it all over your website and your marketing materials you ll be more powerful Your business will be more directly aligned with who you are in the world It will probably be WAY more profitable too You ll want to cuddle and or spoon with your business at night instead of dreading the work you put into it In fact you probably won t be able to keep your hands off of it If you know that you need help expressing exactly who you are through your business and that both thrills and scares the sh t out of you read this book
