Purpose Beyond 2012 Wj Reichertz,2012 Like many Americans Ricky Vogt was

searching for a career and purpose during the fallout from America's 2008 economic implosion. At the same time the nation was searching to resolve energy, environmental, and economic problems within a dysfunctional political system. This story explains how Vogt joined his fellow Americans as they fought amongst themselves in search of a better vision. He questions how community resolves the tension between intolerance and personal liberty, between the selfishness of trickle-down economics and the ideals of spirituality and our founding documents promoting the common good. The book depicts Vogt's evolving search for better solutions and a new way forward.
