Oates, Marcelo de Carvalho Borba, 2025-04-16 This edited volume gathers contributions from international scholars focusing on social media's role and impact on mathematics education. Social media's integration into pedagogical strategies from social networking sites to video sharing platforms offers the opportunity to enhance learning by fostering connectivity and engagement among students, ultimately improving mathematical understanding in educational settings. This text aims to provide guidance on the facilitation of peer learning and collaboration as well as highlighting the necessary shift in traditional methods to include cyber assistance in the learning process. The book discusses how social media aligns with social constructivist theories of learning, its consistency with the process of developing students into independent learners, and provides means to ensuring educators remain relevant and connected to students' preferred modes of learning. Challenges and benefits of the use of social media tools in teaching are also detailed. Examining the potential for effective integration of social media in the classroom, this book is a valuable resource for educators, practitioners, and researchers interested in mathematics education.

AI Mastery: Earn \$5000/Month Online, 2025-11-18 This book will show you the art of getting more customers to spend more money faster leveraging AI in the online world. If you want to build an automated YouTube channel with AI, this book will help you. If you want to create and sell online courses on Udemy, Kobo, or with AI assistance, this book will help you. If you want to secure freelance work on Upwork, Fiverr by leveraging AI, this book will help you. If you want to write and publish best-selling ebooks on Amazon, Google Play Books with AI, this book will help you. If you want to apply AI across all aspects of your life and business to achieve financial goals, this book will help you. I'm not a happiness guru, a fitness guru, an investing guru, or anything else. But I can show you how to accelerate cash flow in an online business by orchestrating AI tools. In other words, get more customers to spend more money in less time over over again through YouTube, Udemy, Upwork, Amazon, Kindle, and more. I know because it's all I've done in my adult career. I've built automated AI business ecosystems earning thousands of dollars per month. Today I teach how to build these AI systems in my AI Synergy Profit. My side hustle. I make content showing how we do it. My joke life goal is to be the most jacked AI billionaire. My real life goal is to die with nothing left to give. A little more about the book if you want that. An AI Money Model is a deliberate sequence of offers powered by artificial intelligence. It's what you offer when you offer and how you offer it to make as much money as you can as fast as you can. Ideally to make enough money from one customer to get and service at least two more customers in less than thirty days. And it rarely looks clean, but I break AI Money Models into three stages. Stage I: Get Cash. AI Attraction Strategies get more customers for less through YouTube channel optimization, automated social media content creation, compelling ebook generation. Stage II: Get More Cash. AI Upsell/Downsell Strategies make more money from them faster through engaging online course design, optimized Upwork/Fiverr service offerings. Stage III: Get The Most Cash. AI Continuity Strategies maximize their total money spent through automated email marketing systems, AI-powered customer relationship management. In real life, it happens like this. First, I get customers reliably with AI from

YouTube Amazon Udemy Then I make sure they pay for themselves reliably with AI from course sales or service delivery Then I make sure they pay for other customers reliably with AI through automated marketing Then I start maximizing each customer s long term value with AI optimization Then I spend as many advertising dollars as I can to print as much money as possible backed by AI analytics This is my cookbook for making money by leveraging AI synergy in the online world It took me over a decade to learn all these tactics It ll take you three hours Use responsibly Enjoy If you want to learn more and make more money for your online business then ADD TO CART use its contents and see for yourself Disclaimer This book is for educational purposes only and does not guarantee results Business outcomes vary based on many factors outside the author s control Nothing herein should be taken as legal financial or professional advice The author and publisher disclaim liability for any losses or decisions made from use of this material *Start a Digital Empire From Home: Freedom, Leverage, and Online Income Growth* Ahmed Musa ,2025-05-24 You don t need a fancy office a trust fund or Silicon Valley contacts All you need is Wi Fi a laptop and the right damn plan Start a Digital Empire From Home Freedom Leverage and Online Income Growth is your step by step playbook to building a powerful profitable online business right from your bedroom kitchen table or couch No hype No B S Just the truth about how regular people are building digital machines that print money while they sleep travel or chill with family Inside you ll learn How to pick a digital business model that fits you and prints consistent cash The Freedom Leverage formula to scale without stress or burnout How to turn your skills stories or knowledge into real income fast The one mindset shift that separates online legends from online losers Why where you work doesn t matter as long as you play the game right If you re sick of clocking in for crumbs If you dream of making money with your mind not your muscles If you want freedom flexibility and financial firepower This is the launchpad Because you don t need to go anywhere to build an empire You just need to start **The Online Journalism Handbook** Paul Bradshaw,2023-07-28 The Online Journalism Handbook offers a comprehensive guide to the ever evolving world of digital journalism showcasing the multiple possibilities in researching writing and storytelling provided by new technologies In this new edition Paul Bradshaw presents an engaging mix of technological expertise with real world practical guidance to illustrate how those training and working as journalists can improve the development presentation and global reach of their stories through webbased technologies Thoroughly revised and updated this third edition features A new chapter dedicated to writing for email and chat with updated case studies New sections covering online abuse news avoidance and trust Updated coverage of accessibility inclusivity and diversity in sourcing writing for social media and audio and video New formats including social audio audiograms Twitter threads the Stories format charticles and scrollytelling Expanded international examples throughout The Online Journalism Handbook is an essential guide for all journalism students and professional journalists and will also be of interest to digital media practitioners The companion website for this book further enhances student knowledge through regularly updated case studies real time development reports and in depth discussion

Lingdao the Chinese word for leadership is rarely used to denote acts of social persuasion that occur outside of contexts of formal rank or status However the ubiquity of informal leadership in China raises a number of practical and theoretical questions Based on an analysis of selected Chinese cinematic works depicting settings of educational practice and policy the book explores how Western understandings of leadership emerge from these texts to form discursive media for social change It also offers a new understanding of lingdao and leadership how they represent a natural human desire regardless of formal rank or position to mobilize collective will change minds and achieve social change The book will be of interest to professional scholars and graduate students of Chinese culture educational leadership mass media and popular culture

Creating a Better World Anna Clarke,2009 **Streampunks** Robert Kyncl, Maany Peyvan,2017-09-05 An entertainment and tech insider YouTube s chief business officer delivers the first detailed account of the rise of YouTube the creative minds who have capitalized on it to become pop culture stars and how streaming video is revolutionizing the media world In the past ten years the internet video platform YouTube has changed media and entertainment as profoundly as the invention of film radio and television did more than six decades earlier Streampunks is a firsthand account of this upstart company examining how it evolved and where it will take us next Sharing behind the scenes stories of YouTube s most influential stars Streampunks like Tyler Oakley Lilly Singh and Casey Neistat and the dealmakers brokering the future of entertainment like Scooter Braun and Shane Smith Robert Kyncl uses his experiences at three of the most innovative media companies HBO Netflix and YouTube to tell the story of streaming video and this modern pop culture juggernaut Collaborating with Google speechwriter Maany Peyvan Kyncl explains how the new rules of entertainment are being written and how and why the media landscape is radically changing while giving aspiring Streampunks some necessary advice to launch their own new media careers Kyncl persuasively argues that despite concerns about technology impoverishing artists or undermining artistic quality the new media revolution is actually fueling a creative boom and leading to more compelling diverse and immersive content Enlightening surprising and thoroughly entertaining Streampunks is a revelatory ride through the new media rebellion that is reshaping our world **The Parliamentarian** ,2010 **Sourcing start-up success** Adrian Roessler,2011-08-31 Master s Thesis from the year 2011 in the subject Business economics Company formation Business Plans grade A Vienna University of Economics and Business language English abstract The purpose of this paper is three fold First it is intended to establish a new framework by combining literature streams on start up success with research on cultural and institutional environments Although a wide array of literature on start ups cultural and institutional literature exists connecting research is underdeveloped This paper hence sets out to bridge these differing streams of literature 1 In fact one has to bear in mind that although always termed a worldwide crisis many developing countries and BRIC states have not been affected Second drawing upon the impact of globalization and the Internet new implications for the sourcing of

business ideas will be generated A lot of attention has been paid to the development of start ups and the characteristics of entrepreneurs However the step in the development chain where the idea is generated has received comparably low attention This paper thus tries to explore some sources and mechanisms evolved through globalization and use of the Internet Third a case study designed to explore the above mentioned new framework and implications is expected to support the development of a new model It is therefore the overall purpose of this paper to produce a theoretically grounded and practically applicable model A model that should cover the most important aspects when copying and implementing a business concept from a different country

Current Topics in Technology Maureen Sheehan Paparella,Eugene Simko,2008 This collection of thirty articles addressing the latest trends in technology encourages classroom discussion and raises student s awareness of the important role that technology plays in both personal and professional areas

E-marketing Judy Strauss,Raymond Frost,2009 The 5th edition of E Marketing treats the subject as traditional marketing with a twist the Internet and other technologies have had a profound effect on the way we do business This transformation has resulted in new business techniques that add customer value build customer relationships and increase company profitability Stressing product pricing distribution and promotion the authors use a strategic perspective and give many important practices not covered in previous editions namely blogs social networking online branding and search marketing Point of purchase scanning devices databases and other offline technologies are discussed For anyone interested in learning more about electronic marketing this is an excellent handbook its comprehensive glossary makes this a must have reference

Webbing Cyberfeminist Practice Kristine Blair,Radhika Gajjala,Christine Tulley,2009 This is the first book collection to devote itself exclusively to issues related to women s lives in a culture of technology As such it is a key addition to feminist new media scholarship in computers and composition The book holds special appeal as the editors have put into conversation chapters of authors from diverse disciplines The value that is placed on cross disciplinary work is further demonstrated in the mix of theoretical pedagogical and rhetorical research that enriches the book in its entirety To explore the variety of cyberfeminist webs the collection has been organized around three themes Chapters in Forming Virtual Kinships examine cyberfeminist practices that do not neatly operate in standard academic communities such as classrooms or cultural centers instead foregrounding the extent to which female communities evolve around aspects of women s daily lives as mothers consumers and workers Chapters in Redrawing Academic Boundaries offer a glimpse of practice within more defined pedagogical spaces providing a sense of the ways in which classroom and community network boundaries are often blurred and disrupted Last the text moves to explore how cyberfeminist webs both on the beyond the borders of standard spaces are developed using a variety of theoretical standpoints

Mediaweek ,2008 **Earth** ,2009 **Choice** ,2008 *Creating an Online Community of Action Researchers* Josef Huber (Educator),Branko Bogнар,Pascale Mompoin-Gaillard,2017 The Council of Europe s Pestalozzi Programme promotes the message of the Organisation and its values human rights democracy

and the rule of law in the practice of education formal non formal and informal and aims to support member states in including these ideals in their education systems Basing its approach to professional development firmly on social constructivism and social constructionism it invests in educators who create new practices This book represents an example of a transformational enterprise in which several practitioners from different parts of Europe gather in the Pestalozzi Programme community of practice and set out to learn how to become action researchers While many books focus on how to carry this out this publication is action research in action In addition it features examples of how participants can use online social platforms and affordable web applications in their collaboration and learning practices The Twenty-first Century Tiller Girls Kristina M.
