Our education systems are shortchanging far too many teenagers This book is brimming with insights on how to change that It s an engaging evidence based and practical read about how to develop a generation of lifelong learners Adam Grant 1 New York Times bestselling author of Hidden Potential and Think Again and host of the podcast Re Thinking A powerful toolkit for parents of both checked out and stressed out teens that shows exactly what to do and stop doing to support their academic and emotional flourishing Adolescents are hardwired to explore and grow and learning is mainly how they do this But a shocking majority of teens are disengaged from school simultaneously bored and overwhelmed This is feeding an alarming teen mental health crisis As kids get older and more independent parents often feel powerless to help But fear not there are evidence backed strategies to guide them from disengagement to drive in and out of school For the past five years award winning journalist Jenny Anderson and the Brookings Institution s global education expert Rebecca Winthrop have been investigating why so many children lose their love of learning in adolescence Now weaving extensive original research with real world stories of kids who transformed their relationships with learning they identify four modes of learning that students use to navigate through the shifting academic demands and social dynamics of middle and high school shaping the internal narratives about their skills potential and identity Resister When kids resist they struggle silently with profound feelings of inadequacy or invisibility which they communicate by ignoring homework playing sick skipping class or acting out Passenger When kids

coast along consistently doing the bare minimum and complaining that classes are pointless They need help connecting school to their skills interests or learning needs Achiever When kids show up do the work and get consistently high grades their self worth can become tied to high performance Their disengagement is invisible fueling a fear of failure and putting them at risk for mental health challenges Explorer When kids are driven by internal curiosity rather than just external expectations they investigate the questions they care about and persist to achieve their goals Understanding your child s learning modes is vital for nurturing their ability to become Explorers Anderson and Winthrop outline simple yet counterintuitive parenting strategies for connecting with your child tailoring your listening and communication styles to their needs igniting their curiosity and building self awareness and emotional regulation **Innovations for a Sustainable**

Well-Being: Empowering Today's Youth Dr. D. Ayub Khan Dawood, Dr. Kalyani Kenneth, Dr. Vyjayanthi Mala, Dr. Moon Moon Hussain , Professor Tasya Aspiranti, Rania Lampou, Dr Hannah John PhD., 2025-02-12 Young people play a vital role in advancing sustainable development climate action and innovation They are not just recipients of change but active stakeholders and catalysts in achieving the Sustainable Development Goals SDGs Despite their immense creativity entrepreneurial mindset and unique talents youth led innovations often lack sufficient resources and recognition Unlocking their potential and harnessing their drive is essential to cultivating future sustainability leaders across different fields In a rapidly evolving world shaped by technological progress shifting global trends and changing socio economic landscapes youth empowerment has become a crucial foundation for building a resilient and prosperous future The concept of sustainable wellbeing among today s youth has gained significant attention across various sectors As we look toward the future it is increasingly evident that fostering the potential and ambitions of young people is not merely an option it is a necessity for progress and sustainability Empowering youth is of paramount importance They are not just passive inheritors of the world we create but the architects of tomorrow s reality Their creativity innovation and fresh perspectives will influence societies industries and policies in the years ahead However true empowerment goes beyond education it involves equipping them with the necessary tools knowledge skills and opportunities to take control of their futures and contribute meaningfully to global progress In fact this concept extends beyond personal development to broader societal advancement An empowered youth population fuels economic growth by introducing fresh ideas and entrepreneurial ventures that drive innovation Additionally an engaged and informed youth demographic plays a critical role in shaping social and political discourse ensuring that their concerns and aspirations are reflected in decision making processes Nevertheless the journey toward youth empowerment is complex and multifaceted It requires addressing key challenges such as equitable access to education meaningful employment opportunities mental health support and the creation of environments that nurture personal growth and confidence Achieving this goal demands a collective effort from governments educational institutions community organizations and the private sector to build an ecosystem that supports guides and uplifts young individuals
