**Handbook of Research on Collaborative Teaching Practice in Virtual Learning Environments** Panconesi, Gianni, Guida, Maria, 2017-05-17 Modern technology has enhanced many aspects of life including classroom education. By offering virtual learning experiences, educational systems can become more efficient and effective at teaching the student population. The Handbook of Research on Collaborative Teaching Practice in Virtual Learning Environments highlights program developments in the realm of digital worlds in educational settings. Featuring pedagogical methods and topics relating to cooperative learning, hands-on curriculum, and meta-cognitive dimensions, this publication is a critical reference source for pre-service and in-service teachers, school administrators, higher education faculty, and researchers interested in virtual reality incorporation in the classroom. Games and Simulations in Online Learning: Research and Development Frameworks Gibson, David, Aldrich, Clark, Prensky, Marc, 2006-09-30 This book examines the potential of games and simulations in online learning and how the future could look as developers learn to use the emerging capabilities of the Semantic Web. It explores how the Semantic Web will impact education and how games and simulations can evolve to become robust teaching resources. Provided by publisher. *Interdisciplinary Advancements in Gaming, Simulations and Virtual Environments: Emerging Trends* Ferdig, Richard E., 2012-01-31 Gaming has long been a means for humans to share knowledge, learn new concepts, and escape the constraints of reality. *Interdisciplinary Advancements in Gaming, Simulations and Virtual Environments: Emerging Trends* investigates the role of games and computer-mediated simulations in a variety of environments including education, government, and business. Exploring psychological, social, and cultural implications of games and simulations, as well as policies related to their design and development, this reference aims to support the work of researchers in this growing field, as well as bridge the gap between theory and practice in the application of electronic games to everyday situations. *Cases on Collaboration in Virtual Learning Environments: Processes and Interactions* Russell, Donna, 2009-10-31 Using a case study analysis, this book provides a unifying perspective for discussing the viability of collaborative virtual spaces as training programs for insurance brokers, forums to support at-risk university students, simulations of historical places, means to aid autistic children learn social skills, repositories for digital libraries, collaborative spaces, designing new university programs, and emergency response training. High attrition rates, driven in part by student isolation and low satisfaction, have plagued online courses. For an online class to succeed, it must be built upon engaging media and meaningful interaction. *Increasing Productivity and Efficiency in Online Teaching* provides a reference for educators in virtual classrooms and enumerates strategies to foster instructor engagement and support. Because co-construction of information, opposed to rote memorization of disseminated facts, engages students and develops

critical thinking skills online education must shift to reflect this Drawing from learning theory this publication focuses on the ways educators can shape their online classes to best suit their students and leave them with knowledge and course satisfaction This book is recommended for researchers developers students of education administrators and online educators in all subject areas *Big Book of Low-Cost Training Games: Quick, Effective Activities that Explore Communication, Goal Setting, Character Development, Teambuilding, and More—And Won't Break the Bank!* Mary Scannell, Jim Cain, 2012-05-10 Featuring activities and exercises designed for groups of any size this book proves that training can still deliver outstanding results even when you're watching the bottom line **Resources in Education**, 1998 PAIS International in Print Catherine Korvin, 2003-05 This book contains bibliographic references with abstracts and subject headings to public and social policy literature and to world politics published in print and electronic formats international focus **The Social Studies Professional**, 1999 **Virtual Schooling** Donovan R.
