approach Andr s Oppenheimer takes his readers on yet another journey this time across the globe in a thought provoking search to understand what the future holds for today s jobs in the foreseeable age of automation The Robots Are Coming

centers around the issue of jobs and their future in the context of rapid automation and the growth of online products and services As two of Oppenheimer s interviewees both experts in technology and economics from Oxford University indicate forty seven percent of existing jobs are at risk of becoming automated or rendered obsolete by other technological changes in the next twenty years Oppenheimer examines current changes in several fields including the food business legal work banking and medicine speaking with experts in the field and citing articles and literature on automation in various areas of the workforce He contrasts the perspectives of techno optimists with those of techno negativists and generally attempts to find a middle ground between an alarmist vision of the future and one that is too uncritical A self described cautious optimist Oppenheimer believes that technology will not create massive unemployment but rather will drastically change what work looks like

Relational Feedback Lise Lewis,2020-01-24 People are increasingly disenchanted with performance improvement techniques that fail to deliver This book offers a new and refreshing way of engaging in authentic feedback that is willingly given and well received It demonstrates that focusing on the quality of relationship improves the activity of feedback The Relational Leadership WAY that is the core of this book was created from a thematic analysis of a doctoral research study The framework encourages effective relationships and works through perfecting a way of being that is generative and productive in interactions with others especially in feedback conversations whether we are the giver or the receiver The 10 themes integral to the framework are organised into 3 parts that relate to pivotal points in a conversation and that when given focused attention will improve relationships What needs preparing to establish relationships that stimulate constructive conversations Active engagement in co creating generative conversations through adopting relational behaviours You both noticing and reacting to what emerges and impacts on sustaining the quality of the relationship This book will appeal to those seeking an innovative approach to performance management and who welcome a reprieve from the relentless pursuit of a universal feedback tool It is essential reading for Business managers and leaders expected to motivate teams to become high performing work units Organisational and independent coaches mentors and practice supervisors developing trust by building effective relationships that encourage disclosure through engaging and authentic feedback Managers leaders HR and OD specialists to use as a business text for performance management programmes Training organisations to use as a core text for delegates
