Learning for Uncertainty G. Williamson McDiarmid, Yong Zhao, 2022-01-31

Learning for Uncertainty explores technology s role in education specifically unpacking the question How should educators prepare today s children for a world that has yet to be made As technology evolves faster than our capacity to fully understand the social cultural economic and moral implications of many innovations today s educators are tasked

with the unique role of preparing students to capitalize on technology's opportunities and also mitigate its dangers to their society to democratic processes and to institutions. Veteran educators McDiarmid and Zhao explore the implications of emerging technologies for future jobs, organizations, students, and learning, covering topics such as The future of work and workers as technology eliminates some industries while creating new ones. Potential futures both bright and dark awaiting students. The qualities, dispositions, social behaviors, and skills that are likely to advantage students in the future. The possibility of technology to revolutionize education in ways that will better position students for an uncertain future. How technology can free teachers from time and effort devoted to routine matters to instead assuming roles that are potentially more satisfying and supportive of their students' learning. Learning opportunities and educator roles that have the potential to bring about needed changes. Capitalizing on these uncertain times to rethink curriculum, pedagogy, opportunities to learn, and the organization of school, as well as the roles of students, educators, parents, and policymakers. This latest book in the Routledge Leading Change series is ideal reading for educators and policymakers in both P-12 and higher education interested in ensuring our education systems provide the experiences and learning opportunities necessary to cultivate the innovative, iconoclastic, and generative thinkers and creators needed for a future that nourishes the minds, bodies, and spirits of all.

Build Like A Woman Kathleen Griffith, 2024-06-04 NATIONAL BESTSELLER From the self-made businesswoman and founder of the global platform Build Like A Woman comes the essential resource to unleash your business, take up space, and create your dream life. In a world of hustle culture and burnout, women don't want to lean in; they want to lie down. Now more than ever, women are looking to leave the corporate grind to break out into their own entrepreneurial ventures in a way that feeds their life rather than consumes it. But they don't know exactly where to start. Kathleen Griffith has been in these exact shoes. When she set out to launch her own business, she found that the women's business space was big on go-girl messages but short on the gritty details of actually building a business. So she taught herself everything she could learn from the best minds in business and coached with personal growth experts. She realized shockingly that all the mindset work paid the highest dividends of all in her business, and that through this process she had developed a proven method for success. Blending foundational mindset tenets with the practical, actionable business-building skillsets, **Build Like A Woman** is for aspiring and existing entrepreneurs who want to start and scale a business AND life they love. From corporate dropouts to side hustlers to recent college grads to full-fledged founders. This is not a regular business book but an unconventional blueprint for creation. It will shake up any belief that's holding you back, remove any barriers standing in your way, and unlock your full potential. Tools you'll get to break ground in business and break through in life. Life Design, Wellness Practices, Personal Power, Mindful Leadership, Money Management, Customer Target Brand Strategy, Marketing Plan, Sales Pitch. Are you ready to BUILD?
