businesses have dramatically increased customer loyalty and revenue. Some of them have even taken it to the next step and developed a marketing function that actually pays for itself. Killing Marketing explores how these companies are ending the marketing as we know it in favor of this new exciting model. Killing Marketing provides the insight, approaches, and examples you need to understand these disruptive forces in ways that turn your marketing from cost center to revenue creator. This book builds the case for literally transforming the purpose of marketing within your organization. Joe Pulizzi and Robert Rose of the Content Marketing Institute show how leading companies are able to sell the very content that propels their marketing strategy. You'll learn how to transform all or part of your marketing operation into a media company. Integrate this new operation into traditional marketing efforts. Develop best practices for attracting and retaining audiences. Build a strategy for competing against traditional media companies. Create a paid, earned, media strategy fueled by an owned media strategy. Red Bull, Johnson & Johnson, Disney, and Arrow Electronics have succeeded in what ten years ago would have been deemed impossible. They continue to market their products as they always have, and through their content-driven and audience-building initiatives, they drive value outside the day-to-day products they sell and monetize it directly. Killing Marketing rewrites the rules of marketing, enabling you to make the kind of transition that turns average companies into industry legends.

E-commerce Kenneth C. Laudon, Carol Guercio Traver, 2007. In today's evolving business environment, E-commerce business technology society introduces students to the concepts and practice of electronic commerce. This book emphasizes the three major forces behind e-commerce business fundamentals: technology, opportunities, and social issues. In every chapter, these three themes come alive with the discussion of e-commerce concepts in the areas of economics, marketing, and information technology, and with the presentation of real-world e-commerce business cases and stories. The result is a coherent framework for organizing a complex topic, which promotes a clear understanding of how e-commerce is evolving. Book jacket *Business Periodicals Index*, 2005.

The Rise of the Blogosphere Aaron Barlow, 2007-03-30. In 1985, The WELL, a dial-up discussion board, began with the phrase "You own your own words." Though almost everything else about online discussion has changed in the two decades since those words, they still describe its central premise, and this basic idea underlies both the power and the popularity of blogging today. Appropriately enough, it also describes American journalism as it existed a century and a half before. The WELL was organized before the concept of popular involvement in the press was nearly swept away on the rising tide of commercial and professional journalism. In this book, which is the first to provide readers with a cultural historical account of the blog, as well as the first to analyze the different aspects of this growing phenomenon in terms of its past, Aaron Barlow provides lay readers with a thorough history and analysis of a truly democratic technology that is becoming more important to our lives every day. The current popularity of political blogs can be traced back to currents in American culture apparent even at the time of the Revolution. At that time, there was no distinct commercial and professional press; the newspapers then provided a much more direct outlet for the voices of the people. In

the nineteenth century as the press became more commercial it moved away from its direct involvement with politics taking on an observer stance removing itself from the people as well as from politics In the twentieth century the press became increasingly professional removing itself once more from the general populace Americans however still longed to voice their opinions with the freedom that the press had once provided Today blogs are providing the means for doing just that
