Perry, Dean Miller, 2013 Sams Teach Yourself Beginning Programming in 24 Hours assumes the reader has no knowledge of technology and starts from the absolute beginning explains everything you need to know before you start programming and then presents simple programming techniques Greg Perry teaches JavaScript one of the world's easiest languages and the 1 programming language used on modern web sites Once the reader has learned how to code the right way in JavaScript Perry shows how to apply those techniques in several of today's other leading programming environments The book contains step by step instructions Q and A Quizzes Exercises and insider advice *11th International Symposium on Process Systems Engineering - PSE2012* Iftekhar A Karimi, Rajagopalan Srinivasan, 2012-09-09 While the PSE community continues its focus on understanding synthesizing modeling designing simulating analyzing diagnosing operating controlling managing and optimizing a host of chemical and related industries using the systems approach the boundaries of PSE research have expanded considerably over the years While early PSE research was largely concerned with individual units and plants the current research spans wide ranges of scales in size molecules to processing units to plants to global multinational enterprises to global supply chain networks biological cells to ecological webs and time instantaneous molecular interactions to months of plant operation to years of strategic planning The changes and challenges brought about by increasing globalization and the common global issues of energy sustainability and environment provide the motivation for the theme of PSE2012 Process Systems Engineering and Decision Support for the Flat World Each theme includes an invited chapter based on the plenary presentation by an eminent academic or industrial researcher Reports on the state of the art advances in the various fields of process systems engineering Addresses common global problems and the research being done to solve them *Planning Support Systems in Practice* Stan Geertman, John Stillwell, 2012-11-02 Planning Support Systems Technologies that are Driving Planning Michael Batty Centre for Advanced Spatial Analysis CASA University College London 1 19 Torrington Place London WC 1 E 6BT United Kingdom I had always thought the term Planning Support Systems abbreviated to PSS had been coined by the father of land use modelling Britton Harris in his article Beyond Geographic Information Systems computers and the planning professional published in the Journal of the American Planning Association in 1989 Harris 1989 Until I asked him that is In a response to a paper he gave to the Urban and Regional Information Systems Association URISA in the summer of 1987 he told me that someone in the audience who he cannot quite remember actually coined the term referring to planning support systems as that constellation of digital techniques such as GIS which were emerging to support the planning process In fact the predecessor term decision support systems DSS from which this unknown originator obviously defined PSS by analogy was coined as far back as the late 1970s in the management literature

for a loose assemblage of techniques usually computer based which aided management decisions The term slowly entered the geographicallexicon as spatial decision support systems SDSS and this is probably first attributable to Lew Hopkins and Mark Armstrong who used it in a paper published in AutoCarto 7 in 1985 Hopkins and Armstrong 1985
