companion version not the original book Sample Book Insights 1 Fear is created when you are ignorant of your own self It is only one fear and it manifests in many ways but it is rooted in the fear that you may not be 2 The root cause of fear is your false ego which you have created by not looking in You are afraid of all those spaces in which you have to look You are afraid of beauty because beauty simply throws you within 3 The belief in the immortality of the soul is not based on religion It is based on fear The more cowardly a person is the more likely he is to believe in the immortality of the soul 4 The child is born so helpless that he is naturally afraid of the unknown He has not yet forgotten those nine months of absolute security safety when there was no problem no responsibility and no worry for tomorrow Forthcoming Books Rose Arny,2002 **The Book of Understanding** Osho,2006-02-14 The path to freedom is filled with questions and uncertainty Is it possible to truly know who we are Do our lives have a purpose or are we just accidental What are we meant to contribute What are we meant to become to create and to share In The Book of Understanding Osho one of the most provocative thinkers of our time challenges us to understand our world and ourselves in a new and radical way The first step toward understanding he says is to question and doubt all that we have been taught to believe All our lives we ve been handed so called truths by countless others beliefs we learned to accept without reason It is only in questioning our beliefs assumptions and prejudices that we can begin to uncover our own unique voice and heal the divisions within us and without Once we discover our authentic self we can embrace all aspects of the human experience from the earthy pleasure loving qualities that characterize Zorba the Greek to the watchful silent qualities of Gautam the Buddha We can become whole and live with integrity able to respond with creativity and compassion to the religious political and cultural divides that currently plague our society In this groundbreaking work Osho identifies loosens and ultimately helps to untie the knots of fear and misunderstanding that restrict us leaving us free to discover and create our own individual path to freedom **Falling in Love With Darkness** Osho,2019-06-15 We have polluted our planet Earth with light Light pollution excessive and obtrusive artificial light with bright neon and LED lights in our cities and in our personal space continuously illuminated and artificial has removed something incredibly valuable from our lives and at the same time affected our ability to sleep rest and relax Falling in Love with Darkness is Osho s attempt to bring us again in contact with darkness but here in a spiritual and psychological context Why do we desire light he asks Why do we hanker so much for light Perhaps we never realize that the desire for light is a symbol of the fear rooted within us it is a symbol of fear We want light so that we can become free of that fear The mind is afraid in the dark The fear of darkness is based on the fear of being alone the fear of being alone comes together with the fear of darkness Darkness has its own bliss without falling in love with darkness you will be deprived of the capacity to love the great truths of life Next time you find yourself in darkness take a direct look into it and you will discover that it is not so frightening after all When darkness surrounds you become absorbed in it become one with it And you will find that darkness offers you something that light can never give you All the important mysteries of life are hidden in darkness These are talks

by Osho given at a meditation camp where he introduces people in a direct and practical way to an understanding of meditation as a way to get acquainted with darkness to re discover that darkness is peace relaxation and stillness all through the simple method of witnessing Meditation means discovering the one who is beyond all happening and has never been a part of anything **Accepting Myself the Way I Am** Osho,2016-05-20 We have lost touch with who we are and how we want to live It started at birth From birth we are molded according to the beliefs and ideals of others and our own potential is ignored It needs immense courage to go your own way leaving the crowd behind The moment you do it you are taking responsibility for your life in your own hands Osho reminds us that it is a step worth taking Life's Mysteries Osho,1995 I Teach Love Of Life This Was The Basis Of All Of Osho S Teachings And One That Was Often Lost In The Controversies That Surrounded Him For Most Of His Career As A Spiritual Guide A Man Of Vast Learning Who Had Read Everything He Could Find To Broaden His Understanding Of The Belief Systems And Psychology Of Modern Man He Was At The Same Time Completely Original In His Approach Insisting On Finding Out The Truth For Himself Rather Than Accepting What Had Been Taught By Others Iconoclastic Yet Persuasive Lucid Yet Grounded In A Wealth Of Theological Knowledge His Message Found A Worldwide Audience In Life S Mysteries The Reader Is Introduced To Some Of The Key Tenets Of Osho S Philosophy A Sampling Life I Teach The Art Of Living Your Life Totally Of Being Drunk With The Divine Through Life Love If You Really Want To Know About Love Forget About Love And Remember Meditation Just As If You Want To Bring Roses Into Your Garden Forget About Roses And Take Care Of The Rosebush In The Right Time The Roses Are Destined To Come Sex If It Can Give Birth To A Child To A New Life You Can Imagine Its Potential It Can Bring A New Life To You Too Enlightenment You Should Not Make Any Effort You Should Relax And Enlightenment Comes Death To Me Death Is Not The End Of Life But The Very Climax If You Have Lived Rightly If You Have Lived Moment To Moment Totally If You Have Squeezed Out The Whole Juice Of Life Your Death Will Be The Ultimate Orgasm **Courage** Osho,1999-11-20 Courage is not the absence of fear says Osho It is rather the total presence of fear with the courage to face it This book provides a bird s eye view of the whole terrain where fears originate how to understand them and how to find the courage to face them In the process Osho proposes that whenever we are faced with uncertainty and change in our lives it is actually a cause for celebration Instead of trying to hang on to the familiar and the known we can learn to enjoy these situations as opportunities for adventure and for deepening our understanding of ourselves and the world around us The book begins with an in depth exploration of the meaning of courage and how it is expressed in the everyday life of the individual Unlike books that focus on heroic acts of courage in exceptional circumstances the focus here is on developing the inner courage that enables us to lead authentic and fulfilling lives on a day to day basis This is the courage to change when change is needed the courage to stand up for our own truth even against the opinions of others and the courage to embrace the unknown in spite of our fears in our relationships in our careers or in the ongoing journey of understanding who we are and why we are here Courage also features a number of

meditation techniques specifically designed by Osho to help people deal with their fears **And Now and Here**

Osho, 2018-12-10 All our lives we are running What are we running from What is the fear The fear is that on the one hand we are unable to live fully and on the other hand the fear of death is imminent present Both things are interconnected then what is the answer Osho Most of us look for security in our relationships and in our choice of living and working conditions Underlying this search for security is a deep instinctive fear of death which continually colours our lives and drives our focus outward toward survival But we also have a longing to turn inward to relax deeply within ourselves and experience the sense of freedom and expansion this brings With this book the reader can start an exploration of his or her inner world Osho debunks the myths and misunderstandings around death and invites us to experience our eternal inner space that is now and here The Independent Mind Osho, 2017-08-08 Although the word psychology does not come up in this book this early work by Osho shows his deep understanding of the subject and his attempt to make the connection between meditation and a modern understanding of psychology that includes the importance that our minds play in determining and giving direction on many levels to our lives Osho has taught for many years that meditation is not a religious exercise but a scientific method to understand what the mind is and how it works and to learn how to create a healthy distance from what is in many ways a programmed and robot like mechanism that seems to be dominating our lives and decisions and activities more and more and not always in a positive way As Osho has said so often beginning many decades ago that humanity is afflicted by a deep and fundamental insanity and that we initiate each new generation of children into that madness is now becoming more and more obvious The children who refuse to be initiated into that madness will appear rebellious or mad to their elders who persist with the best intentions to force them onto the same path to participate in the same madness It is utterly dangerous to be sane in this world Osho says A sane person has to pay a heavy price for his sanity Osho pleads in this book for what he calls an independent mind independent thinking and challenges us to question our belief that we are already great independent minds a belief based on the lack of understanding that our thoughts mostly come from others like a computer program full of malware downloaded into our brains What I mean by the thinking state is that you should have eyes what I mean is the ability to think on your own But I don't mean a crowd of thoughts We all have a crowd of thoughts within us but we don't have thinking within us So many thoughts go on moving within us but the power of thinking has not been awakened In his early days of teaching Osho ran meditation camps in which he introduced people into meditation and his morning and evening talks created the framework of understanding for this work This book is a fascinating record of one of these camps in a short period of three days Osho introduces his participants to an understanding that our minds are running on malware programs and he introduces meditation as an antivirus to clean our minds of the conditionings and indoctrinations that are preventing us from realizing our full potential and to be happy In the coming three days I will talk to you about the search for life I must first say that life is not what we understand it to be Until this is clear to us and we recognize in our hearts that what we think

of as life is not life at all the search for the true life cannot begin When you have something authentically your own in your mind you start moving toward the soul Then you become worthy then you are able to know the soul Until you have an independent mind it is simply impossible for individuality to be born *Living on Your Own Terms* Osho,2013-03-12 In *Living on Your Own Terms* What Is Real Rebellion one of the twentieth century s greatest spiritual teachers reveals how you can resist the rules and regulations that oppose your values while retaining your own individuality People can be happy only in one way and that is if they are authentically themselves Then the springs of happiness start flowing they become more alive they become a joy to see a joy to be with they are a song they are a dance Osho Decades after the rebellions of the 1960s new generations are again challenging and rebelling against outdated structures and values focusing on political and economic systems and their failings But this generation has the opportunity and responsibility to move the development of human freedom to the next level Osho s philosophies will support these future generations in expanding their understanding of freedom and pushing toward new systems for humanity Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world **How to Know Yourself** Osho,2018-09-10 We do a million things not to be alone with ourselves But truly knowing oneself is indeed a miracle We measure ourselves by the connections we make and the relationships we maintain At any point in life a person is someone s sibling friend or lover But as soon as these descriptors are taken away a person suddenly feels naked vulnerable or even lost It is believed that truly knowing yourself is the first step towards understanding the world around us But how does one begin that path to understanding Read on as Osho talks about the many ways by which you can truly find yourself and begin a spiritual journey in *How to Know Yourself*
