Every day AI platforms like Google, ChatGPT, Perplexity, and Copilot are shaping how the world sees you. Whether it's investors, clients, or partners, they're doing digital due diligence before you get in the room. And if those machines don't understand who you are, they won't trust you. If they don't trust you, they won't recommend you. And if they don't recommend you, you're invisible. This book gives you the blueprint to change that before the algorithms lock in their version of your story for good. Inside, you'll find a series of sharp, fictional but entirely plausible stories based on real client experiences at Kalicube. These aren't branding fairytales.
