The Definitive Guide to Content Marketing 2021 Brian Pat, 2021-01-05

Most of the content marketing advice out there is VERY outdated. This is why you need this comprehensive guide to do a BRAIN DUMP on your competitors in 2021. If you ask 50 content marketing experts why content marketing is needed you might receive 50 unique answers but 50 of them will most likely point back to the same core idea. Content marketing is a strategy that revolves around the creation, distribution, and target audience to bring traffic, increase sales, and eventually grow your business. Now what if I tell you that there is a much easier way to grow your website products and services online today using video and other forms of marketing as a beginner and an expert. Are you new to YouTube? Do you want a direct and simpler strategy different from some of the known twists? Create video content on those things you love. Spend time on thumbnails. Engage with people one on one through comments and messages. The title shouldn't be clickbaity. Use hashtags, keywords, but only 6-7 times. Push the juiciest lines as within the first 30 seconds. Buy a mic for good sound sake etc. Sure these tricks still work but if you try to focus on all of those things at once especially as a starter you will get overwhelmed. The Content Marketing Institute in their publication maintained that 79% of marketers state that email is their most effective content distribution channel. Are you one of these people? How's your email structured? Which converts more between lengthy and short emails? Is it better to juggle things all up by yourself or with your content team? How to know trends and jump on them? You'll learn all these and more in this definitive guide to content marketing in 2021.
