Boswell develops a compelling new theory of the role of knowledge in policy showing how policymakers use research to establish authority in contentious and risky areas of policy She illustrates her argument with an analysis of European immigration policies charting the ways in which expertise becomes a resource for lending credibility to controversial claims underpinning high risk decisions or bolstering the credibility of government agencies *Popular Science* ,1975-11 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Personal Computing** ,1989 *Black Enterprise* ,1997-09 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance **Entrepreneur** ,1993
