weaponizing who you are It s about taking your natural inclination towards logic data systems and efficiency and applying it ruthlessly to the problem of acquiring customers profitably through social media Stop letting the marketing world make you feel inadequate Stop wasting time on strategies that feel fundamentally illogical It s time to leverage your analytical superpower This playbook gives you the frameworks the systems and the mindset to out think out systematize and ultimately out execute those relying on hype and guesswork You have the blueprint You have the advantage The only question is are you going to keep analyzing from the sidelines or are you ready to step into the arena and execute Stop drowning in inefficiency Stop leaving money on the table Get the book Build the machine Dominate your market AI Magazine ,1995 1001 *Programming Resources* Edward J.
