What if you could take a snapshot of a tender time in your life as it was happening and keep it forever Since the camera isn't always at your fingertips how about writing about it Not later but at that moment That is what this special book means to me I'm always amazed at how many millions of moments go by in our lives that are rather routine and possibly even meaningless Then all of a sudden without warning a moment occurs that is so unique you wish it could last forever Those are the moments this book is about When I'm living one of those moments I feel the words flow in my mind I have been known to drop everything and run to my computer and let the words flow on the screen But when that rare moment is cherished and lasts awhile I jot down my thoughts immediately after the enjoyment This is how I capture these moments This is how I document these moments If you've ever wished you could experience that joy over and over again then relish in the pages of my poems I'm sure you will relate to at least one if not several If nothing else learn to experience your joyous moments for as long as possible then capture them forever with pencil and paper We can't live forever but our memories can With love Toni DeCaro Zackowski
