The God Code Gregg Braden:

The God Code Gregg Braden, 2005-01-01 One of our great visionaries Dr Wayne W Dyer A rare blend of scientist visionary and scholar Deepak Chopra A scholar and New York Times bestselling author shares his shocking theory of an ancient language found in the decoded elements of our DNA that shines new light on the mysteries of existence What would it mean to discover an ancient language a literal message hidden within the DNA of life itself What we once believed of our past is about to change A coded message has been found within the molecules of life deep within the DNA in each cell of our bodies Through a remarkable discovery linking Biblical alphabets to our genetic code the language of life may now be read as the ancient letters of a timeless message Regardless of race religion heritage or lifestyle the message is the same in each cell of every woman child and man past and present Sharing all new fascinating research Gregg Braden discusses the life changing discovery that led him from a successful career in the aerospace and defense industries to an extensive 12 year study of the most sacred and honored traditions of humankind

The Wisdom Codes Gregg Braden, 2020-04-07 The cutting edge of neurolinguistics meets the spiritual wisdom of the ages in a handbook of key words that literally rewire our brains New discoveries in biology and the neurosciences are revealing how the structure of language the words we think and speak can actually change the way the neurons in our brains and hearts connect But our ancestors understood this connection intuitively thousands of years ago They created specific word patterns to provide comfort healing strength and inner power in difficult times and they encoded these powerful words in prayers chants mantras hymns and sacred writings to preserve them for future generations Now beloved teacher and thought leader Gregg Braden cracks the code and puts these powerful words in your hands Perfect as a pocket guide a reference for spiritual study or a gift to someone you love this elegant compact book contains Wisdom Codes that cut to the core of life s greatest tests most challenging demands and hardest lessons You ll find chapters devoted to healing from loss and grief facing your unspoken fears finding certainty in the face of uncertain choices and finding forgiveness as well as ancient parables that offer a fast track to unraveling life s deepest mysteries Each Wisdom Code distilled from a quote a scripture passage or a parable is accompanied by a brief discussion of what the code means why it s important and how to apply it in your life

meet our needs today A new healthy and sustainable world is emerging and our ability to accept what it offers begins with our willingness to Honestly acknowledge the facts of what we re up against Embrace the new discoveries that reveal the role of cooperation in nature and human communities Create resilience in our lives families and communities based upon five proven and sustainable principles Through easy to understand science and the wisdom traditions of the past The Turning Point identifies the extremes in the world that are reshaping our lives the keys to thrive in the midst of the transformation and the strategies to get us there

Fractal Time Gregg Braden,2009-03-15 In this compelling exploration of life Gregg Braden merges the modern discoveries of nature s patterns fractals with the ancient view of a cyclic universe The result is a powerful model of time fractal time and a realistic window into what we can expect for the mysterious year 2012 and beyond Applying fractal time to the history of the world and life he proposes that everything from the war and peace between nations to the patterns of human relationships mirror the returning cycles of our past As each cycle repeats it carries a more powerful amplified version of itself The key If you know where to look in the past you know what to expect when the same conditions return in the present and future For the first time in print the Time Code Calculator gives you the tool to do just that Through easy to understand science and step by step instructions discover for yourself How the conditions for 2012 have occurred in the past and what we can expect when they repeat The hot dates that hold the greatest threats of war and greatest opportunities for peace as well as economic cycles such as the stockmarket collapse of 2008 How Earth s location in space triggers cycles of spiritual growth for humans Your personal Time Codes for the key events of business relationships and change in your life How each cycle carries a window of opportunity a choice point that allows us to select a new outcome for the returning pattern What the 1999 ice cores from Antarctica reveal about past cycles of climate global warming Earth s protective magnetic fields and what these things mean for us today

Pure Human Gregg Braden,2025-01-28 In an age where technologies such as AI threaten to supplant human intelligence an award winning scientist offers a radical new view of our innate human technology and what we re truly capable of There are rare moments in time when we make choices that irreversibly change the world and our lives forever Today is one of those moments Scientists engineers and philosophers alike warn us that without a radical shift in our thinking we are on track to be the last generation of pure humans that the world will know Within a single generation we will devolve into a hybrid species of synthetic bodies Artificial Intelligence AI and computer chips that limit our ability to think to love and to adapt to the conditions of the emerging world in a healthy way In doing so we will also lose our capacity for emotion empathy intimacy and forgiveness the very qualities that we value and cherish in our humanness The question that we face is simple Do we love ourselves enough to preserve the gift of our humanness Our answer is based upon the way we ve been taught to think of ourselves This book is a compelling journey of self discovery that will catapult you beyond conventional thinking when it comes to your origins your limits and most importantly the abilities that have been hidden from you for centuries and the extraordinary potential that awaits as you

embrace them *The Divine Matrix* Gregg Braden, 2010 THE DIVINE MATRIX Are the miracles that we see in the quantum world actually showing us our greatest possibilities rather than our scientific limits Could the spontaneous healing of disease an instant connection with everyone and everything and even time travel be our true heritage in the universe There is a place where all things begin the place of pure energy that simply is In this quantum incubator for reality everything is possible In 1944 Max Planck the father of quantum theory shocked the world by saying that this matrix is where the birth of stars the DNA of life and everything between originates Recent discoveries reveal dramatic evidence that Planck's matrix The Divine Matrix is real It is this missing link in our understanding that provides the container for the universe the bridge between our imagination and our reality and the mirror in our world for what we create in our beliefs To unleash the power of this matrix in our lives we must understand how it works and speak the language that it recognizes For more than 20 years Gregg Braden a former senior aerospace computer systems designer has searched for the understanding to do just that From the remote monasteries of Egypt Peru and Tibet to the forgotten texts that were edited by the early Christian church the secret of the Divine Matrix was left in the coded language of our most cherished traditions It is verified in today's science In this paradigm shattering book Gregg shares what he's found Through 20 keys of conscious creation we're shown how to translate the miracles of our imagination into what is real in our lives With easy to understand science and real life stories Gregg shows us that we're limited only by our beliefs and what we once believed is about to change *Conspirituality* Derek Beres, Matthew Remski, Julian Walker, 2023-06-13 Conspirituality takes a deep dive into the troubling phenomenon of influencers who have curdled New Age spirituality and wellness with the politics of paranoia peddling vaccine misinformation tales of child trafficking and wild conspiracy theories In the early days of the COVID 19 pandemic a disturbing social media trend emerged a large number of yoga instructors and alt health influencers were posting stories about a secretive global cabal bent on controlling the world's population with a genocidal vaccine Instagram feeds that had been serving up green smoothie recipes and Mary Oliver poems became firehoses of Fox News links memes from 4chan and prophecies of global transformation Since May 2020 Derek Beres Matthew Remski and Julian Walker have used their Conspirituality podcast to expose countless facets of the intersection of alt health practitioners with far right conspiracy trolls Now this expansive and revelatory book unpacks the follies frauds cons and cults that dominate the New Age and wellness spheres and betray the trust of people who seek genuine relief in this uncertain age With analytical rigor and irreverent humor Conspirituality offers an antidote to our times helping readers recognize wellness gifts engage with loved ones who've fallen under the influence and counter lies and distortions with insight and empathy *Dragons — Guardians of Creative Powers* Jaap van Etten, 2019-04-22 Do you feel that you often do not get what you desire The key to changing what no longer satisfies you is to change what no longer works for you Every thought is an intention that sets a process of energies into motion That's when the creative process starts Understanding that we create continuously on small and large levels is the first step in realizing

that when something no longer works for us it is the consequence of a disruption in the creative process and the way we think This book describes the different types of creative processes The elemental fire water air and earth powers are the basis of all creation Understanding the different aspects of these creative powers will help you to become a conscious creator Guardians are connected with every aspect of the elemental powers They are known as dragons however different traditions use different names for them such as angels or nature spirits These dragons are not the scary type often depicted in stories They are among the strongest allies we can ask for They belong to the subtle realms and therefore are invisible to most people This book offers information to help you reconnect with these creative powers and their guardian dragons Through this connection you will become a conscious creator and change your life in ways that lead to success joy happiness and abundance Thereby you will contribute optimally to the creation of a new world Are you ready for this exhilarating journey

The Isaiah Effect Gregg Braden, 2009-02-04 Seventeen hundred years ago key elements of our ancient heritage were lost relegated to the esoteric traditions of mystery schools and sacred orders Among the most empowering of the forgotten elements are references to a science with the power to bring everlasting healing to our bodies and initiate an unprecedented era of peace and cooperation between governments and nations In his groundbreaking new book *The Isaiah Effect* Gregg Braden turns to the Isaiah Scroll perhaps the most important of the Dead Sea Scrolls discovered in 1946 to offer insight into a powerful form of ancient prayer In *The Isaiah Effect* Braden author of *Awakening to Zero Point* and *Walking Between the Worlds* combines research in quantum physics with the works of the prophet Isaiah and the ancient Essenes He demonstrates how prophecies of global catastrophe and suffering may only represent future possibilities rather than forecast impending doom and that we have the power to influence those possibilities In addition to describing multiple futures the Isaiah texts take us one step further clearly describing the science of how we choose our futures Tracing key words of Isaiah's text back to their original language we discover how he taught a mode of prayer that was lost to the West during Biblical editing in the fourth century Braden offers detailed accounts of how elements of this mode of prayer have been applied in a variety of situations ranging from healing life threatening conditions to entire villages using collective prayer to prevail during the 1998 fires in southern Peru In each instance the correlation between the offering of the prayer and a shift of the events in question was beyond coincidence the prayers had measurable effects As modern science continues to validate a relationship between our outer and inner worlds it becomes more likely that a forgotten bridge links the world of our prayers with that of our experience Each time we engage ourselves our loved ones and our communities with Isaiah's life affirming message of hope we secure nothing less than our future and the future of the only home we know Deep Truth Gregg Braden, 2011-10-15 *Deep Truth* reveals new discoveries that change the way we think about everything from our personal relationships to civilization itself When the facts become clear our choices become obvious THE CRISIS Best selling author and visionary scientist Gregg Braden suggests that the hottest topics that divide us as families cultures and nations

seemingly disparate issues such as war terrorism abortion genocide poverty economic collapse climate change and nuclear threats are actually related They all stem from a worldview based upon the false assumptions of an incomplete science THE HISTORY The obsolete beliefs of our modern worldview have brought us to the brink of disaster and the loss of all that we cherish as a civilization Our reluctance to accept new discoveries about our relationship to the earth one another and our ancient past keeps us locked into the thinking that has led to the crises threatening our lives today THE FACTS The scientific method allows for and expects new information to be revealed and assimilated into our existing beliefs It s the updating of scientific knowledge with the new facts from new discoveries that is the key to keeping science honest current and meaningful To continue teaching science that is not supported by the new discoveries ones based upon accepted scientific methods is not in fact scientific But this is precisely what we see happening in traditional textbooks classrooms and the media today THE OPPORTUNITY Explore for yourself the discoveries that change 150 years of scientific beliefs yet are still not reflected in mainstream thinking including evidence of advanced near ice age civilizations the origin of and reasons for war in our ancient past and why it may become obsolete in our time and the false assumptions of human evolution and of the Darwinian theory Let the strongest live and the weakest die and how this plays out in corporations societies and warfare today

The Spontaneous Healing of Belief Gregg Braden,2008-04-01 From the New York Times bestselling author of The Divine Matrix and Resilience from the Heart What would it mean to discover that everything from the DNA of life to the future of our world is based upon a simple Reality Code one that we can change and upgrade by choice New revelations in physics and biology suggest that we re about to find out A growing body of scientific evidence suggests that our universe works like a Consciousness Computer Rather than the number codes of typical software our Consciousness Computer uses a language that we all have yet are only beginning to understand Life s reality code is based in the language of human emotion and focused belief Knowing that belief is our reality maker the way we think of ourselves and our world is now more important than ever For us to change the beliefs that have led to war disease and the failed careers and relationships of our past we need a reason to see things differently Our ancestors used miracles to change what they believed Today we use science The Spontaneous Healing of Belief offers us both the miracles that open the door to a powerful new way of seeing the world and the science that tells us why the miracles are possible

revealing why we are not limited by the laws of physics and biology as we know them today Once we become aware of the paradigm shattering discoveries and true life miracles we must think of ourselves differently And that difference is where the spontaneous healing of belief begins How to Become Wealthy and How to Grow That Wealth Dr. Abdoulaye
