Their dangerous relationship plays out against an approaching war to the death between humankind and the vampire clans The first book in a trilogy of high adventure and alternate history the Vampire Empire series brings epic political themes to life within a story of heartbreaking romance sacrifice and heroism The Settler Colonial Present L. Veracini, 2015-03-12 The Settler Colonial Present explores the ways in which settler colonialism as a specific mode of domination informs the global present It presents an argument regarding its extraordinary resilience and diffusion and reflects on the need to imagine its decolonisation Talking Book Topics .2013-05 **The Greyfriar** Clay Griffith, Susan Griffith, 2011-03-01 Princess Adele is the heir to the British Empire Or at least what is left of it Ever since vampires burst from the shadows of myth and legend to overwhelm the world the great powers of the 19th century exist only as rump states clinging to the tropical regions of the earth Creatures of the dark and cold vampires hate heat and have only rarely ventured into the tropics North and South in the temperate zones the great empires have been over run by the vampire clans and turned into massive charnel houses where humans are kept and bred like animals until they are harvested for their blood But the tropics have been safe until now The airship carrying Adele to her marriage in Cairo is attacked and overwhelmed by Vampires and her younger brother Simon is spirited away Adele is determined to follow him and falls in with the mysterious scourge of Vampires the Greyfriar Together they travel first to the massive abbatoir of London and then North to the shadows of Scotland in a desperate bid to recover Simon And there they find that war is brewing A war to overthrow the last vestiges of human power and establish a global Vampire Empire
