Summary of the Knight in Rusty Armor - by Robert Fisher Sapiens Editorial, 2018-05-14 ABOUT THE ORIGINAL BOOK The Knight in Rusty Armor has been a real success among its audience selling more than one million copies worldwide It is considered to be a motivational book that falls into the self help category It is an easy to follow narrative making it accessible to everyone built with some humor and is enjoyed by adults teenagers and children alike The book tells a story of a somewhat egocentric man who lives his life concerned with his appearance Everything he does is without consideration for his wellbeing rather with the aim of seeking approval of others Little by little he is locked in his armor which over time rusts and leaves him imprisoned by his appearance Then comes a life of reflection and recovery for him He embarks on a journey to free himself from his prison during which he enlists the help of a magician It is an excellent allegory that teaches the importance of being who you are on the inside without the need to mask your appearance ABOUT SAPIENS EDITORIAL Books are mentors Books can guide what we do and our lives Many of us love books while reading them and maybe they will echo with us a few weeks after but 2 years later we can't remember if we have read it or not And that's a shame We remember that at that time the book meant a lot to us Why is it that 2 years later we have forgotten everything That's not good This summary is taken from the most important themes of the original book Most people don't like books People just want to know what the book says they have to do If you trust the source you don't need the arguments So much of a book is arguing its points but often you don't need the argument if you trust the source you can just get the point This summary takes the effort to distill the blahs into themes for the people who are just not going to read the whole book All this information is in the original book **Family** James E. Hughes, Jr., 2010-05-13 Why do some families thrive for generations What accounts for the sad deterioration that others experience This book takes families and the professionals who serve them beyond the now widely accepted practices offered in Family Wealth and offers a view of Hughes's panoramic insights into what makes families flourish and fail It lays out the basis for the vision of family governance the author has been developing through his work and research His advice addresses not only what to do but how to think about the complex issues of family governance growth and stability and the ongoing challenge of nurturing the happiness of each family member **Under Their Claws** Myriam Norton, 2012-05-14 Drugged and packed into a waiting vehicle saddled to a one-eyed horse that carried her into the cold regions of the Colombian moorssurrounded constantly by armed captors and not knowing if she would ever return to loved ones and civilization this is Myriam Nortons true story of survival under the claws of the Colombian FARC terrorists Her detailed account sheds light on a gruesome reality that many thousands of Colombians have suffered many never to return Myriams portrayal of her struggle to stay alive her sharp wit and vivid descriptions of the
