time shopper is hard to embrace as it was decades ago when companies shied away from the thought of a woman becoming the primary breadwinner. The success of women in corporate America alone should indicate the reason for a change in a company or advertiser's marketing strategy. DADLY Dollars will introduce companies and advertisers to a new untapped consumer: dads. It will also teach them how to reach and connect with the dads market to capitalize on their purchasing power and how marketing to dads will increase their revenue, profit, and brand loyalty. In addition, it will also show a company the overall benefits to the economy, families, and communities.
