Entrepreneurial Finance: Planning And Managing Small Businesses Dr. Madhavi Ishwar Dhole,Prof. Manoj M Bagesar,Dr. Vaibhav E. Narawade, Entrepreneurial Finance Planning and Managing Small Businesses is the process of getting money for a new venture or startup and making financial decisions for it Entrepreneurs spend the most of their time at the Company s inception raising capital from investors This entails making contact with potential backers in order to get funding for the establishment of a business and the acquisition of necessary assets Many different types of investors and financial institutions may help with startup money As this book interest in small company and entrepreneurial studies has been fast rising not only among entrepreneurs and business owners but also among the general public as the wrenching changes in the economy continue to force businesses and major enterprises deep into their struggle to remain competitive Most likely it s a reaction to the expanding downsizing and outsourcing trends that big businesses have been using extensively There has been a rise in the popularity of self employment as a business model because it is widely believed to be safer and more lucrative This is due in large part to the
