Beyond Hybrid Working Andy Lake,2023-12-22 Much more than a book about flexible working Beyond

Hybrid Working is an engaging and practical management book to help organisations rethink all aspects of traditional work in the emerging post pandemic landscape and reap the benefits from working smarter Many organisations that had rapidly improvised and implemented Hybrid Working now want to take a more strategic approach Smart Working is being adopted across sectors from technology companies through the financial services sector to the public sector Andy Lake has supported implementations in businesses and public sector organisations for nearly 30 years including advising the UK Cabinet Office He sets out a strategic comprehensive and integrated approach to Smart Working in the context of new possibilities for working on a more distributed basis and the impact of new AI based technologies coming over the horizon He also explores the possibilities for greater flexibility for workers with hands on and site specific roles Featuring detailed case studies the book takes a pragmatic and evidence based approach covering different sectors and types of work and presents practical techniques for implementing change This is essential reading for anyone involved in transformational workplace change and increasing the efficiency of organisations It is written for managers who need to deliver change and professionals and researchers in the fields of People Workplace and Technology

Once I Was A Democrat Dr. Ravi Sethi PhD,

MBA,2025-04-02 Our politicians are opportunistic and divisive Essentially we elect mini kings and queens who misuse and manipulate their power to stay elected perpetually We need to make sure that our elected representatives obey the true opinion of their constituents We need to bring our democracy into the new age of high technology era and introduce easy to use voting or polling tools to create a true issue based democracy not party based It will create a better checks and balances system for people The issues that affect economic health of our people should not be subjected to the vagaries of politicians The book describes the issues and the positions taken predominantly by the Democrats and Republicans as well that are not optimal for the economic health of all people excessive and unthoughtful immigration race or group based preferences complex tax system poorly implemented welfare system and little or no efforts to increase the wages income or net worth of middle and poor segments of our society The author presents solutions to some of the issues that need to be polled and voted upon by the people to decide and force their representatives to follow Computer Language ,1987
