MEGHARIEF LEADERSHIP VOLUME III: The Empathy-Driven Leader Dokali Megharief, 2025-09-22 Every leader reaches a crossroads where metrics and strategy fall short of their intended meaning When productivity hums but connection stalls and the quiet question emerges Are we truly honoring the people who follow us This third volume of Megharief Leadership begins at that vulnerable pause It is not a continuation it is a reckoning A return to the soul of leadership where empathy is not an afterthought but the essence Far from a corporate slogan or workshop buzzword empathy is presented here as an actionable discipline fierce clear and powerful Through poignant stories

and practical frameworks this book challenges leaders to lead not just with efficiency but with emotional wisdom It highlights the distinction between merely showing up and truly being present between managing and genuinely connecting Across twenty five chapters you will meet teams fractured and mended cultures transformed and leaders who chose courage over performance This is not just a guide it is an invitation for leaders to reimagine influence as a form of stewardship Whether you are seasoned starting out or somewhere in between The Empathy Driven Leader dares you to shape a world where leadership does not cost us our humanity but restores it

The Right of the People Osita Nwanevu,2025-08-12 A bold case for reimagining the American project and making American democracy real from a formidable new voice in political journalism The first thing I ve read that provides a rigorous vision of how to refound this nation if we manage to survive the current threats to these core values Chris Hayes 1 New York Times bestselling author of The Sirens Call Frustrated with our political dysfunction wearied by the thinness of contemporary political discourse and troubled by the rise of anti democratic attitudes across the political spectrum journalist Osita Nwanevu has spent the Trump era examining the very meaning of democracy in search of answers to questions many have asked in the wake of the 2024 election Are our institutions fundamentally broken How can a country so divided govern itself Does democracy even work as well as we believe The Right of the People offers us challenging answers while democracy remains vital American democracy is an illusion we must make real by transforming not only our political institutions but the American economy In a text that spans democratic theory the American Founding our aging political system and the dizzying inequalities of our new Gilded Age Nwanevu makes a visionary case for a political and economic agenda to fulfill the promise of American democracy and revive faith in the American project Nearly two hundred fifty years ago the men who founded America made a fundamental break not just from their old country but from the past casting off an order that had subjugated them with worn and weak ideas for the promise of true self governance and greater prosperity in a new republic Nwanevu writes With exactly their sense of purpose and even higher more righteous ambitions for America than they themselves had we should do the same now work as hard as we can in the decades ahead to institute new Government for the benefit of all and not just the few

Ensuring a Better Future Dr. Kevin Colleary,2022-07-26 A timely book that explores the critical need for social studies to be equally taught in American public schools Provides a call to action for all that understand the need to build an active and informed citizenry through more effective social studies education We have missed part of the equation for effective education STEM became STEAM but we forgot social studies and the importance of the skills and content it teaches Ensuring a Better Future Why Social Studies Matters explores the sacrifice of both many students inherent skills interests and an effectively informed and effective citizenry through prioritized Social Studies education in public schools This book seeks to accelerate the pendulum swing away from strict STEAM education that the author and Jared feel is starting It names and explores the issues of equitable funding and curriculum focus delinquency the historical story about the swing away from social studies education

and how to energize our country in support of Social Studies education

Digital Mobilities and Smart Borders Louis Everuss, 2024-07-22 From smart gates and drone patrols to e visas and mobile GPS apps digital technologies are becoming a ubiquitous feature of state borders and travel The embedding of digital technologies into bordering and travel processes is reshaping the ways people move around the world as well as the means sovereign states use to control and facilitate that movement Digital Mobilities studies these changes and examines how digitisation is remaking the very fabric of state sovereignty territory and borders Some of the core bordering and travel transitions prompted by digitisation that are examined in Digital Mobilities include the spatial and temporal reorganisation of borders the algorithmic assessment of travellers as data doubles the reformulation of border agency or who or what performs the border the digital augmentation of international travel and the new tensions and conflicts arising between smart borders and digital mobilities Understanding these transitions is essential for policy makers advocates and members of the public to comprehend both the exceptional opportunities and monumental risks posed by the embedding of digital technologies into borders and travel

AI Expert, 1987

Marketing Communications PR Smith, Ze Zook, 2019-12-03 The authors have the uncommon knack of taking the complex and explaining it in a clear compelling way I recommend it if you want to learn the principles of strategic communications and get structured suggestions to create better campaigns Dave Chaffey Co founder and Content Director Smart Insights This book has the strongest focus of online and offline integration of any marketing communications textbook A blended approach to marketing is in its DNA Compared to the competition that too often uses a bolts on approach to integration this book is essential for giving students the precise skills employers will look for to be able to implement genuinely integrated marketing campaigns This new seventh edition combines professional and academic expertise to ground big picture theory into real world case studies drawing from cutting edge global companies like Snapchat and Spotify that will teach students the why behind the how With increased focus on social media and the latest digital technologies this new edition will teach students How AI the Internet of Things Big Data AR VR and marketing automation can be used successfully in campaigns The opportunity and risks of social media How to navigate ethical and data management challenges How to use the current preferred digital marketing tools and technology Covering the key themes of customer engagement experience and journey this book will allow students to become truly confident working in an environment of ongoing technological transformation
