Saturday Review of Literature, 1927. The Empathy Advantage Heather E. McGowan, Chris Shipley, 2023-03-08. Empower and Inspire Human Potential. In the decade before the Covid 19 pandemic, change was coming so quickly and across so many vectors that most business leaders, so busy tackling one new challenge after another, missed the trendlines that would collide in the early months of 2020 and forever change their workforce and how they lead it for generations to come. In The Empathy Advantage: Leading the Empowered Workforce, Heather E. McGowan and Chris Shipley team up again to deliver a guidebook for leaders navigating the uncertainty of a post-pandemic world, in a sequel to their successful book The Adaptation Advantage. Leaders today must acknowledge and respond to the fundamental shifts that lay the foundation for effective leadership. From managing people to enabling success, from viewing peers as competitors to seeing them as collaborators, from applying extrinsic pressure on workers to unlocking intrinsic motivation and from driving productivity with unquestioned authority to inspiring value creation by leading with empathy. In this book, you will learn about the five interlocking trends that brought us the empowered workforce: The Great Resignation, the Great Refusal, the Great Reshuffle, the Great Retirement and the Great Relocation. Collectively, they delivered the Great Reset. These trends, building for a decade prior to the pandemic, saw employees leading jobs, restructuring where and how they work, accelerating retirement.
