Biblical Theology Old And New Testaments Geerhardus Vos:

Biblical Theology Geerhardus Vos, 2003-07-10 The aim of this book is no less than to provide an account of the unfolding of the mind of God in history through the successive agents of his special revelation Vos handles this under three main divisions the Mosaic epoch of revelation the prophetic epoch of revelation and the New Testament Such an historical approach is not meant to supplant the work of the systematic theologian nevertheless the Christian gospel is inextricably bound up with history and the biblical theologian thus seeks to highlight uniqueness of each biblical document in that succession The rich variety of Scripture is discovered anew as the progressive development of biblical themes is explicated To read these pages the fruit of Vos 39 years of teaching biblical theology at Princeton is to appreciate the late John Murray's suggestion that Geerhardus Vos was the most incisive exegete in the English speaking world of the twentieth century

Geerhardus Vos, 1934 [Journal of Biblical and Theological Studies, Issue 9](#) Daniel S. Diffey, Cory M. Marsh, 2025-11-13 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way

Academic journals are often written by scholars for other scholars. They are technical in nature, assuming a robust knowledge of the field. There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students. JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible. As an inter denominational journal JBTS is broadly evangelical. We accept contributions in all theological disciplines from any evangelical perspective. In particular we encourage articles and book reviews within the fields of Old Testament, New Testament, Biblical Theology, Church History, Systematic Theology, Practical Theology, Philosophical Theology, Philosophy and Ethics.

An Introduction to the New Testament D. A. Carson, Douglas J. Moo, 2009-05-26. Grasp the message of the New Testament by focusing on the essentials. An Introduction to the New Testament focuses on historical questions dealing with authorship, date, sources, purpose, destination and so forth, ensuring that the New Testament books will be accurately understood within historical settings. For each New Testament document the authors also provide a substantial summary of the book's content, discuss the book's theological contribution to the overall canon and give an account of current studies on the book, including recent literary and social science approaches to interpretation. This second edition reflects significant revision and expansion from the original, making this highly acclaimed text even more valuable. A new chapter provides a historical survey examining Bible study method through the ages. The chapter on Paul has been expanded to include an analysis of debates on the new perspective. The discussion of New Testament epistles has been expanded to form a new chapter. This new edition is an ideal textbook for seminary students and will help a new generation better grasp the message of the New Testament.

Exegetical Essays, 3rd Edition Don Garlington, 2003-10-13. Exegetical Essays is a collection of thirteen biblical studies. The purpose of each is to fill a gap in New Testament research or to offer alternate understandings of familiar passages. The second edition of these Essays incorporates corrections and updated documentation and presents three new studies. The order of the articles follows as closely as possible the canonical biblical text. The book commences with a consideration of the biblical theological method followed by an Old Testament essay and then proceeds through the Gospels, Paul and Revelation and concludes with review articles of two recent notable books.
