Greek vocabulary book
Greek dictionary This Greek vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first On top of that the index in the second half of the book provides you with a basic Greek English as well as English Greek dictionary which makes this a great resource for learners of all levels What you can expect from this book This Greek learning resource is a combination of Greek vocabulary book and a two way basic Greek dictionary

Part 1 Topic based Greek vocabulary book This is the main part of the book and represents a list of chapters each containing Greek vocabularies for a certain topic The Greek vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order You can start at any chapter and dive directly into the topics that interest you the most

Part 2 Basic English Greek dictionary The index in the second half of the book can be used as a basic Greek dictionary to look up words you have learned but can't remember or learn new words you need

Part 3 Basic Greek English dictionary Easy to use and with just the right amount of words this third part finishes off with a second index that allows you to look for Greek words and directly find the English translation

How to use this Greek vocabulary book Not sure where to start We suggest you first work your way through the verbs adjectives and phrases chapters in part one of the book This will give you a great base for further studying and already enough vocabulary for basic communication The Greek dictionaries in part two and three can be used whenever needed to look up words you hear on the street English words you want to know the Greek translation for or simply to learn some new words

Some final thoughts Vocabulary books have been around for centuries and as with so many things that have been around for some time they are not very fashionable and a bit boring but they usually work very well Together with the basic Greek dictionary parts this vocabulary book is a great resource to support you throughout the process of learning Greek and comes in particularly handy at times when there is no internet to look up words and phrases

Basic Greek Words and Phrases Dave Luton, Anna Blushi, 2019-02-27 As the book title implies this book is only intended to be a basic phrasebook for beginners who want to learn Modern Greek not ancient or biblical Greek which also contains useful vocabulary It is not a textbook exercise book or tourist book and it does not contain videos or sound files This book does contain a phonetic transcription for most of the phrases that are practical for conversation or useful in daily life However since this book contains no audio files I recommend going to websites on the internet where you can hear the pronunciation of Greek sounds and words For example if you type a word or phrase in English in Google Translator on the left side the Greek translation will appear on the right side Below the Greek text if you click on the speaker icon you can hear the pronunciation of the word or phrase Anna Blushi is a Greek native who has more than fifteen years experience as translator Dave Luton is a native of the U S and worked several years as a high school Spanish teacher in the state of North Carolina before moving to Spain where he currently works as an English teacher Author Disclaimer As a native speaker of the Greek language Anna Blushi has made significant contributions to this book However she is not responsible for parts of

Biblical Greek Vocabulary in Context Miles V. Van Pelt, 2021-12-07 Biblical Greek Vocabulary in Context by Miles V Van Pelt is designed to reinforce a student s basic Greek

vocabulary by presenting words that occur twenty five times or more in the context of the Greek New Testament Miles Van Pelt collates all 513 of these Greek words into approximately 200 key biblical verses and or verse fragments to help students practice reading them in their literary context and thus improve their Greek vocabulary retention Rather than rote memorization Van Pelt s approach teaches word meaning through each word s naturally occurring context the way people naturally learn languages The book includes two primary sections The first section provides room for students to write their own glosses of the biblical verse and to parse as they feel necessary An English translation is also provided and any term that appears less than twenty five times is glossed Proper names are identified with gray text The second section of the book provides the same biblical verses from the first section but with minimal room to write glosses and parse and without an English translation for aid The end of the book includes a Greek English lexicon of all the words occurring twenty five times or more in the Greek New Testament
