*Beating the Street* Peter Lynch, S Lynch, 1995-06-01      *Defeat the Enemy Within*, 2004-10 He's hunted Soviet submarines walked the corridors of power in Washington helped create government agencies and has done business in foreign capitals Now Dr Charles Skillas applies the same technology principles to unmask the real sources and causes of subconscious sabotage where the terms defense intelligence and foreign attachment take on very different meanings Using his own life and healing as an example Dr Skillas deftly transfers his defense technology background to his new career of clearing the submerged minefields of the psyche *Defeat The Enemy Within* shows you how to find help to finally resolve long standing problems that have resisted solution why traditional therapy doesn't usually work for long term solutions what you must do for permanent change Dr Skillas draws on his defense industry background and 23 years experience as a hypnotherapist to blend traditional hypnotherapy past life regression spirit attachment Chinese herbal and energetic medicine and the underlying wisdom of diverse world cultures to banish the inner shadows that keep you in misery      *One Market Under God* Thomas Frank, 2001-09-18 In a book that has been raising hackles far and wide the social critic Thomas Frank skewers one of the most sacred cows of the go go 90s the idea that the new free market economy is good for everyone Frank's target is market populism the widely held belief that markets are a more democratic form of organization than democratically elected governments Refuting the idea that billionaire CEOs are looking out for the interests of the little guy he argues that the great euphoria of the late nineties was never as much about the return of good times as it was the giddy triumph of one America over another Frank is a latter day Menckens as readers of his journal *The Baffler* and his book *The Conquest of Cool* know With incisive analysis passionate advocacy and razor sharp wit he asks where we are headed and whether we're going to like it when we get there      *The Englishwoman*, 1917      *The Escape Artists* Noam Scheiber, 2012-02-28 FACING THE WORST ECONOMY SINCE THE 1930S PRESIDENT BARACK OBAMA HIRED A CRACK TEAM OF ESCAPE ARTISTS financial wizards who had pulled off numerous white knuckle getaways during the Clinton era and who were ready to do it all over again Three years later with the economy still in a rut it's clear that they fell far short This is the inside story of what went wrong *The Escape Artists* features previously undisclosed internal documents and extensive original reporting from the highest levels of the administration Star White House journalist Noam Scheiber reveals the mistakes and missed opportunities that kept the president's pedigreed team from steering the economy in the right direction He shows what responsibility the president bears for those missteps what bold actions his brain trust refused to take despite its preternatural confidence and how the White House was regularly outmaneuvered by Republicans in Congress Tracking the administration's efforts deep into the fall of 2011 *The Escape Artists* provides a gripping look inside the meeting rooms in boxes and minds of the men who tried to manage the defining crisis of the Obama presidency how the very qualities that made these men and women escape artists in the 1990s ultimately failed them THREE YEARS INTO THE OBAMA

PRESIDENCY THE UNEMPLOYMENT RATE WAS PAINFULLY HIGH THE GAP BETWEEN RICH AND POOR HAD WIDENED AND THE STIMULUS HAD NOT DONE ENOUGH TO BRING JOBS BACK WHAT WENT WRONG A PRESIDENT WITH OTHER PRIORITIES Barack Obama hadn't run for president just so he could clean up someone else's mess however urgent the task He'd run for president to usher in once in a generation achievements like health care reform to change the trajectory of America Timothy Geithner remarked to President elect Obama that your signature accomplishment is going to be preventing a Great Depression Obama's response was slightly jarring That's not enough for me he said It dawned on Geithner that he and his colleagues were a sideshow rather than the main attraction If you don't do that nothing else is possible Geithner protested Yeah Obama repeated but that's not enough AN ECONOMIC TEAM RELUCTANT TO TAKE BOLD ACTION David Axelrod was preparing Christina Romer Obama's chief economist for a Sunday talk show Many experts were voicing doubts about the size of the original package and so Axelrod asked Was the stimulus big enough Without hesitating Romer responded Absolutely not She said it half jokingly Axelrod did not seem amused AND A BRAIN TRUST THAT BELIEVED IT KNEW BETTER It was the worst of all worlds for the Obama administration a country that took one look at the languishing economy and another at the recovery on Wall Street and concluded that its government had put big banks ahead of ordinary people Generously the S P officials didn't point out any of this Instead the leader of the group confessed that the agency was mostly concerned about the prospects for bipartisan compromise At this Geithner became dismissive His message was unmistakable TRUST US WE'VE DONE THIS BEFORE **Beating the Devil Out of them** Murray Arnold Straus, *The Canadian Magazine*, 1920 **The Case of Korea** Henry Chung, 1921 The Pharaoh and the Priest Bolesław Prus, 1910

BESTSELLING BOOK THAT EVERY INVESTOR SHOULD OWN Peter Lynch is America s number one money manager His mantra Average investors can become experts in their own field and can pick winning stocks as effectively as Wall Street professionals by doing just a little research Now in a new introduction written specifically for this edition of One Up on Wall Street Lynch gives his take on the incredible rise of Internet stocks as well as a list of twenty winning companies of high tech 90s That many of these winners are low tech supports his thesis that amateur investors can continue to reap exceptional rewards from mundane easy to understand companies they encounter in their daily lives Investment opportunities abound for the layperson Lynch says By simply observing business developments and taking notice of your immediate world from the mall to the workplace you can discover potentially successful companies before professional analysts do This jump on the experts is what produces tenbaggers the stocks that appreciate tenfold or more and turn an average stock portfolio into a star performer The former star manager of Fidelity s multibillion dollar Magellan Fund Lynch reveals how he achieved his spectacular record Writing with John Rothchild Lynch offers easy to follow directions for sorting out the long shots from the no shots by reviewing a company s financial statements and by identifying which numbers really count He explains how to stalk tenbaggers and lays out the guidelines for investing in cyclical turnaround and fast growing companies Lynch promises that if you ignore the ups and downs of the market and the endless speculation about interest rates in the long term anywhere from five to fifteen years your portfolio will reward you This advice has proved to be timeless and has made One Up on Wall Street a number one bestseller And now this classic is as valuable in the new millennium as ever The Time of the Rebels Matthew Collin,2007 Youth rebellion and political change in the former Communist countries of Eastern Europe
