*Legal Temporalities of Sexual Consent* Caroline Derry,2025-01-31 This book offers new perspectives on two key themes the criminal law of sexual consent and the temporalities of law It uses detailed feminist analysis to investigate how the kinds of

time produced by statutes and court decisions are vital to constructing the gendered liberal legal subject By shedding light upon a contested and multi faceted legal issue it demonstrates that more expansive temporalities are the precondition for a richer relational understanding of consent This book s fresh approach to sexual consent is developed using the law of England and Wales but is relevant to all jurisdictions where consent is an element of sexual offences law Its distinctive approach to legal temporalities has the potential to be applied to other areas of law providing insight into both current law and possibilities for reform

**Reconsidering the Emergence of the Gay Novel in English and German** James P. Wilper,2016-02-15 In *Reconsidering the Emergence of the Gay Novel in English and German* James P Wilper examines a key moment in the development of the modern gay novel by analyzing four novels by German British and American writers Wilper studies how the texts are influenced by and respond and react to four schools of thought regarding male homosexuality in the late nineteenth and early twentieth centuries The first is legal codes criminalizing sex acts between men and the religious doctrine that informs them The second is the ancient Greek erotic philosophy in which a revival of interest took place in the late nineteenth century The third is sexual science or sexology which offered various medical and psychological explanations for same sex desire and was employed variously to defend as well as to attempt to cure this perversion And fourth in the wake of the scandal caused by his trials and conviction for gross indecency Oscar Wilde became associated with a homosexual stereotype based on unmanly behavior Wilper analyzes the four novels Thomas Mann s *Death in Venice* E M Forster s *Maurice* Edward Prime Stevenson s *Imre A Memorandum* and John Henry Mackay s *The Hustler* in relation to these schools of thought and focuses on the exchange and cross cultural influence between linguistic and cultural contexts on the subject of love and desire between men
