## **Behind Closed Doors Secrets Of Great Management:**

*Behind Closed Doors* Johanna Rothman, 2005 You may never have seen great management Or more likely you ve seen pieces of great management but you may not know how to pull it all together If you re a seasoned manager who wants to be more effective or if you re considering moving into management this book will show you what to do and how to do it effectively

*Behind Closed Doors* Johanna Rothman, Esther Derby, 2005-09-19 Great management is difficult to see as it occurs It s possible to see the results of great management but it s not easy to see how managers achieve those results Great management happens in one on one meetings and with other managers all in private It s hard to learn management by example when you can t see it You can learn to be a better manager even a great manager with this guide You ll follow along as Sam a manager just brought on board learns the ropes and deals with his new team over the course of his first eight weeks on the job From scheduling and managing resources to helping team members grow and prosper you ll be there as Sam makes it happen You ll find powerful tips covering Delegating effectively Using feedback and goal setting Developing influence Handling one on one meetings Coaching and mentoring Deciding what work to do and what not to do and more Full of tips and practical advice on the most important aspects of management this is one of those books that can make a lasting and immediate impact on your career

*Manage It!* Johanna Rothman, 2007-06-07 This book is a reality based guide for modern projects You ll learn how to recognize your project s potholes and ruts and determine the best way to fix problems without causing more problems Your project can t fail That s a lot of pressure on you and yet you don t want to buy into any one specific process methodology or lifecycle Your project is different It doesn t fit into those neat descriptions *Manage It!* will show you how to beg borrow and steal from the best methodologies to fit your particular project It will help you find what works best for you and not for some mythological project that doesn t even exist Before you know it your project will be on track and headed to a successful conclusion

**The Stress Equation** Marcus Lagre, 2024-08-13 Workplace stress is not the weakness of individuals it s caused by systemic problems Armed with the insights in this book you can identify analyze and systematically reduce the factors that lead to poor health low productivity and personal burnout This book gives you a framework for understanding stress and a vocabulary to make it easier to discuss it among colleagues Stress can be fixed find out how The interviewer asks How well do you cope with stress Your response should be Let s fix your environment so we don t have to Work related stress is one of the leading causes of mental illness among white collar workers It hurts companies projects and most importantly people Stress is a burden that s created when teams stop working well The Stress Equation is a model and a tool to help talk about stress as a systemic issue By exploring how pressure complexity and security interact in software teams we move focus away from the individual so that we can talk about stress from a team and organizational perspective By exploring external factors we discuss how to solve problems rather than cope with the consequences Whether you re an individual feeling stressed or a manager who can help you ll learn the causes of fixes for

and how to talk about stress We regulate pressure by how we decide how much work we have to do and when it needs to be finished Complexity is decided by how we handle our product and organization design Our security is less about our pay and benefits and more about the support and trust we feel Stress should not be a given Instead it s a symptom of a diseased organization With this book you can begin the healing process What You Need No special requirements *Manage Your Project Portfolio* Johanna Rothman,2016-08-01 You have too many projects and firefighting and multitasking are keeping you from finishing any of them You need to manage your project portfolio This fully updated and expanded bestseller arms you with agile and lean ways to collect all your work and decide which projects you should do first second and never See how to tie your work to your organization s mission and show your managers your board and your staff what you can accomplish and when Picture the work you have and make those difficult decisions ensuring that all your strength is focused where it needs to be All your projects and programs make up your portfolio But how much time do you actually spend on your projects and how much time do you spend on emergency fire drills or waste through multitasking This book gives you insightful ways to rank all the projects you re working on and figure out the right staffing and schedule so projects get finished faster The trick is adopting lean and agile approaches to projects whether they re software projects projects that include hardware or projects that depend on chunks of functionality from other suppliers Find out how to define the mission of your team group or department with none of the buzzwords that normally accompany a mission statement Armed with the work and the mission you ll manage your portfolio better and make those decisions that define the true leaders in the organization With this expanded second edition discover how to scale project portfolio management from one team to the entire enterprise and integrate Cost of Delay when ranking projects Additional Kanban views provide even more ways to visualize your portfolio

**Dr. Dobb's Journal** ,2006 **My Job Went to India** Chad Fowler,2005 The American IT job market is slowly coming apart at the seams and it s all our fault Most of us have been stumbling around letting our careers take us where they may and now we re surprised when our companies are shipping our jobs overseas for a fraction of the price It s time to take control of our careers and in the process learn to stay both relevant and employed This book will show you how to take action to avoid becoming yet another casualty of offshoring **Consultants & Consulting Organizations Directory** Cengage Gale,2009-05-12 **Manage It!** Johanna Rothman,2007 Provides advice for managing a software design project covering such topics as planning and using life cycles scheduling creating a project team managing meetings integrating testing and completing a project *Factory and Industrial Management* ,1906 Industrial Management John R.
