Jiffy Lube. If you're a manager, an executive, or an entrepreneur, you understand that your business is unique, with its own challenges and rewards. But thanks to the new science of the Business Genome process, you'll be surprised to see how many businesses share a similar genetic structure. And by understanding what works and what doesn't for your business's genomic type, you can play to your strengths, adapt to your weaknesses, and change the course of your company's future. Business Genome project creator Andrea Kates calls it Find Your Next, a field-tested, customized blueprint for mapping out your business DNA in four powerful steps: 1. Sort through your options and assess your hunches. 2. Match your genome to other successful business models. 3. Hybridize your company by grafting new ideas with proven successes. 4. Adapt and thrive by breaking old habits and starting new trends. This high-impact, transformative guide walks you through every step of the process, combining intuition and experience with statistical data and fascinating case studies. You'll learn how two unrelated businesses, Hyatt Hotels and Sharp HealthCare, discovered untapped opportunities in their customer experience. You'll read how General Motors and OnStar hit the jackpot by examining something that wasn't there. You'll find in-depth interviews with GE's Mark Vachon, IndieGoGo's Danae Ringelmann, P.F. Chang's Rick Federico, and other leaders of innovation. And you'll learn how to crack the genetic code behind the six essential building blocks of business: product and service innovation, customer impact, talent, leadership, and culture, process, design, trendability, and secret sauce. Once you unlock the secret of your company's DNA, you can evolve your strategy, build your future, and find your next. PRAISE FOR FIND YOUR NEXT When you add it all up, this is indeed a time of great change, and arguably, much of what we know about management today is becoming obviated. Which is why Find Your Next is such a helpful contribution to every manager's arsenal. It embraces the shift from industrial models to models for the 21st century. And it's a great read, packed with great stories and tons of practical advice. Read, enjoy, and prosper. Don Tapscott from the Foreword of Find Your Next Every great strategic thinker uses the ideas in this book, but it took Andrea Kates to write them down for the rest of us. Seth Godin, author of We Are All Weird. Andrea Kates is this generation's new brand whisperer, and Find Your Next is the best toolkit for landing on your company's next. Lane Cardwell, President, P.F. Chang's China Bistro. Andrea Kates's ideas about the Business Genome project

Do you want to be financially independent and successful? Learning How To Use TikTok's Power Could Be The Answer. One of the BEST skills you can learn today is how to use the power of TikTok. When you understand TikTok marketing the proper way, you can essentially write your own income. Knowing how to use social media platforms to sell your items can help you take your company to the next level. Imagine finally being able to manage a profitable online business from the comfort of your own home. Imagine quitting your day job and earning enough money to support yourself and your family in a comfortable and affluent lifestyle. It costs money to market your company a lot of money. Paying a third-party organization to sell your brand might be very expensive. When faced with budget constraints, resource constraints, and ever-moving timeframes, many people discover that it is a cost that may quickly blow budgets and eat into earnings. THIS IS ONLY ONE OF THE REASONS WHY SOCIAL MEDIA IS IMPORTANT. The world is changing, and social media is catching up. In today's corporate world, social marketing has a huge impact on internet marketing, and TikTok is quickly becoming a behemoth in this field. Their user base is expanding at a quicker rate than any other social site. You are missing out BIG TIME if you are not using TikTok for promotion. And if you think it is just for youngsters, you are completely wrong. So how does this affect you? Imagine this: you could generate content this week and reach tens of thousands, if not hundreds of thousands of people who are interested in you, your brand, and your business. You can get viral or semi-viral overnight if you start with no followers and no content. Eyeballs, people, potential customers, fans. TikTok is currently one of the most popular social media sites and will soon become a marketing powerhouse. Because it is fresh compared to Facebook, for example, there is less competition, and the ease with which you may move from nothing to anything is something not to be overlooked. It is the same as marketing on Facebook or YouTube in the early years when it was quite simple and yielded
