**The New (Ab)Normal** Yossi Sheffi,2020-10-01 Much has been written about Covid 19 victims how scientists raced to understand and treat the disease and how governments did or did not protect their citizens Less has been written about the pandemic s impact on the global economy and how companies coped as the competitive environment was upended In his new book The New Ab Normal MIT Professor Yossi Sheffi maps how the Covid 19 pandemic impacted business supply chains and society He exposes the critical

role supply chains play in helping people governments and companies to manage the crisis The book draws on executive interviews pandemic media coverage and historical analyses Sheffi also builds on themes from his books *The Resilient Enterprise* 2005 and *The Power of Resilience* 2015 to enrich the narrative The author paints a compelling picture of how the Covid 19 virus is changing many facets of human life and what our post pandemic world might look like This must read book helps companies to redefine their business models and adjust to a fast evolving economic landscape The stage is set In Part 1 of the book *What Happened* the author looks at how companies fought to mend the global economic fabric even as the virus ripped more holes in it Part 2 *Living with Uncertainty* views the crisis through a supply chain risk management lens derived from Yossi Sheffi's previous books This perspective shows how companies create corporate immune systems to quickly recognize and manage large scale disruptions The ongoing pandemic is creating a new normal in life work and education covered in Part 3 *Adjustment Required* Consumer fears about the contagion as well as government mandates require businesses in industries such as retail hospitality entertainment sports and education to create safe zones for workers and customers Many elements of the book especially in Part 4 *Supply Chains for the Future* show how the virus accelerated preexisting trends in technology adoption China was the epicenter of the pandemic it also was the first nation to be disrupted and recover Part 5 of the book *Of Politics and Pandemics* explains why reports that companies are abandoning China in favor of other offshore manufacturing centers do not reflect reality Fundamentally The New Ab Normal is about businesses trying to create a better future in a time of extreme uncertainty a point emphasized in Part 6 *The Next Opportunities* The outlook is not necessarily gloomy The advance of technology is accelerating a trend that can level the playing field between small and large companies Nimble small businesses are using a growing array of off the shelf cloud computing and mobile apps to deploy sophisticated technologies in their supply chains and customer interfaces The New Ab Normal Another new normal is working from home Remote working enables individuals to live anywhere and companies to recruit talent from anywhere Education especially higher education faces a major disruption and major opportunity that is likely to shake the high cost model of in person education in favor of online or hybrid education Regrettably the book recognizes one trend accentuated by Covid 19 the growing inequality and anticipates that the new normal will be more stratified
