Histories of Digital Journalism Tamas Tofalvy,Igor Vobič,2024-11-11 Building on the momentum of the recent historical turn in digital media and Internet studies this volume explores how digital journalism has developed from a historical perspective With contributions from established and emerging scholars from Europe Asia South and North America the book investigates not only how established journalistic systems transformed in the early days of digital but how the structural technological and cultural changes induced by digitization have reconfigured the trajectory of journalism The book argues in support of three main claims The first is that emphasis should be given to the plurality of histories instead of one single digital journalism history thereby acknowledging the complexities interactions of social relations cultural traditions power configurations and technological changes that have shaped journalism and digitization The second is the decentralization and decolonization of digital journalism histories The third refers to the need to highlight and demonstrate the idea that the evolution of digital journalism should be viewed as the co construction of the social and technological realms With theoretical and methodological reflections on historicizing digital journalism along with original case studies or comparative inquiries into the phenomena over the decades long digital revolution of journalism this volume will shape the nascent field of digital journalism history and start a global critical exchange of various approaches to and aspects of historicizing digital journalism As such it will interest scholars and students of digital journalism journalism history digital media Internet studies and technology studies

Modernisation of Chinese Culture Jana S. Rošker, Nataša Vampelj Suhadolnik, 2013 The editors are grateful to the Chiang Ching kuo Foundation for its generous support of their research work which enabled them to publish the present book The present book carefully maps the Chinese modernisation discourse highlighting its relationship to other similar discourses and situating it within historical and theoretical contexts In contrast to the majority of recent discussions of a oeChinese development model that tend to focus more on institutional then cultural factors and are more narrowly concerned with economic matters than overall social development the book offers several important focal points for many presently overlooked issues and dilemmas The multifaceted perspectives contained in this anthology are not limited to economic social and ecological issues but also include political and social functions of ideologies and cultural conditioned values representing the axial epistemological grounds of modern Chinese society 2011 was the 100th anniversary of the Xinhai Revolution The centennial is relevant not only in terms of state ideology but also plays a significant role within academic research into Chinese society and culture This historic turning point likewise represents the symbolic and concrete linkages and tensions between tradition and modernity progress and conservatism traditional values and the demands for adjustment to contemporary societies The book shows that Chinese transition from tradition to modernity cannot be understood in a framework of a unified general model of society but rather through a more complex insight into the interrelations among elements of physical environment social structure philosophy history and culture *Engaging Audience* M.
