AI Roman V. Yampolskiy, 2024-02-23 Delving into the deeply enigmatic nature of Artificial Intelligence AI AI Unexplainable Unpredictable Uncontrollable explores the various reasons why the field is so challenging Written by one of the founders of the field of AI safety this book addresses some of the most fascinating questions facing humanity including the nature of intelligence consciousness values and knowledge Moving from a broad introduction to the core problems such as the unpredictability of AI outcomes or the difficulty in explaining AI decisions this book arrives at more complex questions of ownership and control conducting an in depth analysis of potential hazards and unintentional consequences The book then concludes with philosophical and existential considerations probing into questions of AI personhood consciousness and the distinction between human intelligence and artificial general intelligence AGI Bridging the gap between technical intricacies and philosophical musings AI Unexplainable Unpredictable Uncontrollable appeals to both AI experts and enthusiasts looking for a comprehensive understanding of the field whilst also being written for a general audience with minimal technical jargon

Culturally Competent Kids Samantha Sweeney, 2025-05-06 A book for parents that provides a science based framework for helping to raise CULTURALLY COMPETENT KIDS This book is

for the parent who knows that culture is important It is for the parent who wants to teach their child about the world around them but doesn't know where to start Let this book be your starting point and your guide The goal of Culturally Competent Kids is to help you raise your children to become adults who respect and celebrate differences rather than simply tolerating them Research shows that while biases begin to develop at age 6 their origins begin much earlier Unfortunately diversity and culture are treated as though they are grownup concepts as if children don't recognize that diversity is all around them Human beings naturally categorize and your kids will develop preferences prejudices and opinions about people who are different from them Therefore it is important for parents to take an active role in helping their children see understand and develop their understanding of people and cultures that are different As Dr Sweeney says We don't have to all be friends or even like each other to treat each other with respect This book provides a science based framework with ideas and options to explore as you embark on this cultural competence journey with your kids and also with yourself **Examining AI**

Disruption in Educational Settings: Challenges and Opportunities Kessinger, Michael W., Nelson, Gera S., Lennex, Lesia, Nettleton, Kimberly Fletcher, 2025-05-21 The role of AI in education is slowly growing As a new technology its uses and capabilities have not been fully realized or understood AI provides many opportunities as well as challenges for supporting students teachers and skills development However from higher education faculty to preschool teachers the ways in which AI can support planning research and student learning are not fully understood When harnessed effectively AI has important implications for overcoming global concerns and increasing educational equality Examining AI Disruption in Educational Settings Challenges and Opportunities provides practical researched examples of how AI has been applied in educational settings It examines current AI policies and considers the ways in which education may change with the use of AI Covering topics such as field experience preparation critical thinking skills and global education patterns this book is an excellent resource for pre service teachers in service teachers higher education faculty technologists professionals researchers scholars academicians and more **The Parent-School Board Feuds**

Gerard Giordano, 2024-10-02 During the COVID 19 pandemic parents were able to observe their children in online classes They were surprised by classroom discussions and assignments related to gender race ethnicity and religion along with the policies that were guiding curricula tests technology athletics discipline safety transportation funding and numerous other aspects of schools Parents began giving their advice to their school boards but when they were ignored they disrupted meetings wrote editorials created blogs staged rallies and lobbied state officials They were hoping to attract media attention and acquire political power and were stunned by their success The Parent School Board Feuds Essential Steps by Parents to Improve Schools recounts parent school board feuding about controversial classroom topics such as gender and race their disagreements about school policies including those affecting tests technology athletics and discipline and the impact that parents had during the pandemic and continue to have today **Critical AI in K-12 Classrooms** Stephanie Smith Budhai, Marie K. Heath, 2025-09-08 A practical

guide for teachers and students navigating the complicated intersection of artificial intelligence education and justice Artificial intelligence is rapidly integrating into today s classrooms but unlike other new technologies AI has the potential to harm making it difficult to take advantage of its benefits In Critical AI in K 12 Classrooms Stephanie Smith Budhai and Marie K Heath draw attention to the biases embedded within AI algorithms such as those powering OpenAI s ChatGPT and DALL E to guide students and teachers in developing strategies to best incorporate AI or not into equitable learning AI s reliance on existing data and knowledge systems means Black queer those with disabilities and other marginalized students are at greater risk of being harmed by built in limitations and bias Budhai and Heath show how to circumvent if not actively resist such harms as machine learning NLPs LLMS and GenAI enter the classroom with practical examples rooted in culturally sustaining abolitionist and fugitive pedagogies across disciplines Their practical guide creatively answers the concerns of educators committed to forward thinking yet fair instruction and the needs of students eager to use AI for just ends Critical AI in K 12 Classrooms meets the challenges of a key STEM technology with an eye toward cultivating a more just world Balancing responsible learning with the joy of discovery Budhai and Heath build a framework for AI instruction that all educators can confidently use
