Parenthood Conrad Riker, 101-01-01 Your Family Their Target Watching courts weaponize mental health to erase your rights as a father Tired of being milked for child support while strangers raise your kids Sick of being called toxic for wanting to protect your family Expose the Marxist blueprint for destroying fatherhood Decode the Duluth Model's war on male dignity Unmask how social workers profit from stealing children Defy courts that treat dads as wallets not parents Learn why 80 000 kids in state care face abuse and who benefits Fight gynocratic laws rigged to erase your rights Resist the toxic masculinity trap designed to shame you Arm yourself with evolutionary truths to defend your legacy If you want to protect your children reclaim your authority and dismantle the system stealing your future buy this book today **Artificial Intelligence** Saswat

Sarangi, Pankaj Sharma, 2018-09-03 What will the future be A dystopian landscape controlled by machines or a brave new world full of possibilities Perhaps the answer lies with Artificial Intelligence AI a phenomenon much beyond technology that has continues to and will shape lives in ways we do not understand yet This book traces the evolution of AI in contemporary history It analyses how AI is primarily being driven by capital as the only factor of production and its consequences for the global political economy It further explores the dystopian prospect of mass unemployment by AI and takes up the ethical aspects of AI and its possible use in undermining natural and fundamental rights A tract for the times this volume will be a major intervention in an area that is heavily debated but rarely understood It will be essential reading for researchers and students of digital humanities politics economics science and technology studies physics and computer science It will also be key reading for policy makers cyber experts and bureaucrats **Religion and Artificial Intelligence** Beth

Singler, 2024-10-31 Artificial intelligence AI is rarely out of the news or the public imagination Images of red eyed Terminators illustrate press accounts of incremental advances in medical diagnosis facial recognition natural language processing and robotics Such advances are transforming society through measurable impacts on people's decisions and opportunities Religion and Artificial Intelligence An Introduction explores an emerging field with a religious studies approach drawing on cultural and digital anthropological methods to demonstrate the entanglements of religion and AI our imaginaries

of these objects and our ideas about their utopian or dystopian futures It addresses key topics including the following What AI is and is not How religions are reacting to AI with examples of rejection adoption and adaptation How established religions understand creation and place human like AI within that How overtly secular and even new atheist groups understand AI as a tool for liberation from human evolution and religion Religious visions of superintelligent AI This engaging book is essential for anyone considering the relationship between religion science and technology and interested in the questions raised by transhumanism posthumanism and new religious movements *The Actual Jesus* Tina

Pippin,2025-07-29 This book moves away from the traditional historical and theological studies of Jesus to incorporate a variety of theoretical and material approaches across centuries and diverse global cultures Through fiction and film the connections are made with contemporary issues such as borders asylum seekers farmworker activism colonialism violence misogyny civil war and nuclear proliferation with a focus on the appearances of the actual Jesus in these worlds The Jesus in this study is explored in particular connections with the stories of baptism wilderness experience ascension and apocalypse What is found is often confusing challenging surprising and disturbing like the Jesus of the gospels *The Canadian*
